Local Mothers To Study Girl Problems As Part Of Girl Reserve Program Here

Plans to link "adult guidance" with "youthful initiatives" were outlined at a tea given Thursday afternoon at the home of Mrs. William McCallum, of East Maple avenue, chairman of the extension committee of the Metropolitan Area of the Girl Reserves of the Y. W. C. A.

The group assembled included the Y. W. C. A. committee of Birmingham, advisors of the Girl Reserves; Clarence Vilet, superintendent of schools; Melvin C. Hart, principal of Baldwin High School; H. D. Crull, principal of the (Birmingham Intermediate School) and members of the staff of the Girl Reserves in the metropolitan area of the Detroit Y. W. C. A.

Advisors of the clubs who attended the tea were Mrs. Colin Campbell, Miss Emily Walker, Mrs. J. W. Sanders, Miss Eleanor Miller, Mrs. Raymond Forester, Miss Hattie Skinner and Mrs. Harold S. Gray.

Mrs. Gray, who is chairman of the executive committee, presided and introduced the principal speaker, Miss Faye Franzer, executive secretary of the Girl Reserves of Detroit, who explained the purpose of the movement as offering girls the opportunity of a more abundant life based on growth in health, knowledge, service and spirit.

"The Girl Reserve movement represents adult guidance with girl initiative," Miss Franzer said. "Through it the girl finds avenues to self-expression, interesting pastimes and opportunities for enriching leisure

Mrs. Bowlus Reviews Recent Book On Science and Jonah

At the luncheon of the Business and Professional Women's House Wednesday noon, Mrs. Claude A. Bowlus of Bates street entertained with a review of the book, "Modern Science and the Bible," by Dr. Harry Rimmer, president of the Research Science Bureau and prominent apologist.

Mrs. Bowlus spoke of the fact that Dr. Rimmer declares it was considered clever and modern 25 years ago to criticize the Bible, but that in the light of the discoveries made by pick and shovel during the past few years, such comment is considered "old-fashioned and ignorant" at the present time. Mrs. Bowlus is president of the Women's Literary Club.

From A WOMAN'S ANGLE

By MARJORIE ELAINE PORTER

Young Mrs. Hubbard went to the cupboard to find her poor husband a bone. She'd been to the club, and hub, the poor dub, too soon would be hurrying home.

She went to the store and came home with four dainty cans of nice, young sardines, and so she shrewd these, with crackers and cheese, and

Marjorie E. Porter parsleyed on warmed-over beans.

When hubby came in his gay, youthful grin soon faded at sight of the meal. He said, "O Lord! Fish! A heck of a dish to give me the way I now feel!"

Young Mrs. Hubbard went to the cupboard to find her poor husband a bone. She'd been to the club, and hub, the poor dub, too soon would be hurrying home.

"Well, for goodness sake," she exclaimed, "where did that steak come from?"

"You've been to the club," said hub, the poor dub, who'd hurriedly made his way home.

"And so I went out and scouted about to scare up a meal for you, man. Now, dear, for my sake, just cook the big steak and leave the poor fish in his can!"

Josette Laval, 15-year-old daughter of the French Premier, Pierre Laval, who accompanied her father on his brief visit to the United States, paints her fingers nails a bright red and wears yellow crocodile shoes.

"Red and yellow, catch a—"

"Oh, Oh! Is that why she came with Pa-Pa?"

And speaking of Josette, one of

Committee Named By Barnum P. T. A. To Sponsor Troop

Mrs. Arthur C. Peck, president of the Parent-Teacher Association of the Barnum School, announces the appointment of a committee to sponsor the Boy Scout Troop to be organized under auspices of the Association.

The personnel includes: Dr. John S. Lambie, William Coit Al-

fering from domestic discord, according to a recent diagnosis by Prof. Arthur James Todd.

Professor Todd is going to be society's Good Samaritan and save homes through his domestic relations clinic which he is establishing at Northwestern University.

"By the simple plan of applying scientific methods" to irritable husbands, jumpy wives and unhibited children, he hopes to restore peace.

"Domestic discord," Professor Todd declares, "is often as much an ailing condition as indigestion. In such cases, people should have the opportunity of consulting a mental doctor before taking matters up with a lawyer."

"Divorce, like amputation, should be the last resort."

Before he gets through untangling matrimonial webs and administering doses of discipline to wild Willes, he may need a "mental doctor" for his own case.

Ever hear of Mrs. Nell Clough of Alton, N. H.? She is corkscrew nut, and controls virtually the entire corkscrew output of the world.

In her humble red barn factory in Vermont, she puts out 90 percent of the corkscrew output of the world!
