WE HEARD IT SAID BY— Dr. Walden Crowland, pastor of the Central M. E. Church of Pontiac: "As the service clubs unite in their efforts to assist the unemployed over the present period of financial depression, I suggest that service clubs unite in a county-wide movement to petition Gov. Wilbur M. Bricker to suspend the state property tax for a period of three years. Those offices which are dependent on the state property tax could be supported by the state gasoline tax, which totals approximately \$30,000,000 a year."

Local Youth In Hollywood, Writes Of Ups And Downs In Movie Capital

The gold and tinsel that is Hollywood, the true and the counterfeit that are stirred together in the movie capital, are described in a series of articles by a young man who has just returned from a visit to Hollywood.

"After being here in the famous city of Hollywood since the Fourth of July, I feel that my first impressions of it have radically changed. One might appropriately describe it as a city of contrasts. When in Hollywood as the Hollywoodians do. The people here are for the most part out for a good time and take nothing very seriously."

The troop committee of Troop 4 discussed and outlined a program for the coming year at a meeting held in the Community House Tuesday. A winter roast at Camp George for members of the troop, and Scouts will be scheduled for the first of the regular meetings was arranged by the committee.

An election of officers was held by Troop 4 at its meeting Tuesday. John Bagby was elected senior patrol leader, with the patrol leaders and their assistants as follows: Mess Patrol, Henry Fiedel; Scoutmaster, Walter Randall; Eagle Patrol, Charles Boynton; and Webelos, S. J. Laughton.

ed from the gasoline tax is larger than in 1929. One of the contributing causes of the increase is that many motorists who could not have purchased license plates in 1929 were able to do so this year in operation for two months through the extension of the time limit.

Here's An Idea Possibly the farm board could arrange with the ball wheel to operate on shares.—The Louisville Courier-Journal.

"Ann Harding recently had her third premiere of the year. Usual by dozens of other stars attend a premiere and it is really the one chance for a visitor to see a famous celebrity of the screen. "Well, that's Hollywood as I see it. As George Arliss was just one big act and it has its back side, too."

Motorists Will Have Until Mar. 1 To Buy 1932 License Plates Lansing.—Motorists will not be required to secure 1932 license plates until Mar. 1, 1932. Under an act passed by the legislature the secretary of state has authority to extend the time limit for purchasing new plates 60 days, and this extension will be made in connection with the 1932 plates, it was announced by Secretary of State Frank D. Fitzgerald.

Despite the fact that there are 81,000 foreign automobiles registered in Michigan this year than last, the amount of money collected from the gasoline tax is larger than in 1929. as well as the CLICK of a camera Your camera shutter can open and close in 10-1000ths of a second—faster than your eye can follow. But when you're driving 30 miles per hour your automobile motor allows only 5-1000ths of a second for the gasoline in each cylinder to ignite, burn, and start the piston downward. Think of it twice as fast as the click of a camera. And it must burn completely or you'll be troubled with carbon—it must burn evenly and instantly or you lose power.

It takes a premium grade gasoline, such as Parol-Ethyl, with starting power refined into it, to give you this full-powered, hair-trigger action your motor requires for maximum performance! Ethyl fluid in Parol-Ethyl utilizes all the power of the gasoline by eliminating the "knock." But in Parol-Ethyl, the gasoline itself is packed full of eager energy.

It ignites instantly, making quick starting a reality. It burns evenly, eliminating vibration. It burns completely, leaving less carbon, and gives greater mileage because all of it is converted into purring power.

Unless the full power of your motor—get out of the power plant into your manufacturer built into it. Fill up today with Parol-Ethyl and enjoy split-second performance. There's a difference.
