and we can help you solve your all industrial heating jobs ...

Perhaps you aren't acquainted with our particular type of small electric heaters. Our specialty is fitting into the small manufacturing process that needs a small amount of heat. In these cases, we can often do the work cheaper than any other method.

Take, for example, SPOT—the cartridge-type electric heating unit. This small unit provides a spot of clean, safe, odorless, precisely controlled heat just where it is needed in a process or in a machine. STRIP—the electric strip heater, provides strips of heat for use in scores of hard-to-heat locations, in cabinets, outlying buildings, cranes, shafts, valve houses. DIP, the electric liquid heating unit, can be placed in tanks or kettles or in compartments of machines, for the heating of oil, lac, wax, water or other liquids.

You will be surprised at how little we cost. A cartridge unit like the SPOT sells for only \$2. A unit like the STRIP sells for \$15. And a small liquid heating unit of the DIP type is available for \$10. In addition there are many other kinds, among which you can choose one exactly suited to your heating needs.

Detroit Edison engineers will gladly study any heating problem you may have—especially your smaller jobs—and give you their recommendations. We do not sell or rent this equipment unless there is no obligation. Simply call 145 nearest Detroit Edison office.

Investigate Electric Heat! THE DETROIT EDISON CO.

CHURCH TEAM WINS PENNANT

Holy Name Conquers Drivers To Gain Title in Organization Division

The Holy Name team, which placed second in the regular division schedule, was the champion in the organization division of the Y. M. C. A. softball league Tuesday night by forging ahead in the fifth inning of the decisive game with Eastern Michigan and winning 4 to 2.

Holy Name has led Wilson Drug and E. M. T. throughout the "round robin." The drugists were the first to be eliminated. Had the batters won Tuesday's contest, both teams would have had an equal average and another game would have been necessary.

Coming to bat in the second inning, Wilson Drug led 1-0. In the fourth, the church nine's first batter, Hollingshead, got on through a fielder's error. He then hit a long ball for a single and two more tallies. The lead was short-lived, however, for Ubeboogh, pitcher for the batters, ran and hit a long liner for a single and two more tallies. The lead was short-lived, however, for Ubeboogh, pitcher for the batters, ran and hit a long liner for a single and two more tallies.

Making some fast throws to bat and more than one surprising catch in short left field, Eddie least, shortstop on the winning team, scored on the home run in the final game. He batted .500.

Kelly, center fielder for Holy Name, had a perfect day at the plate. He got singles in both of his chances and scored one run. For Eastern Michigan, Shoups, pitcher, and Hook in center field did the most outstanding work in the field.

Eastern Michigan 1 1 1 0 1 0-3 Holy Name 2 0 3 0 1 0-4 Batteries: E. M. T., Wicham and Powers; Holy Name, Coxie and McDonough.

5 YEARS STILL WE FOR TITLE

Frister Holds Edge As Commercial Division Enters 5th Round

As the commercial division of the Y. M. C. A. softball league goes into its fifth round, the tournament, five of the six teams which qualified will remain. Frister holds the lead in the last one.

Seeing the need for new strength, many of the teams have had new players added. This is probably the chief cause for the unexpected change of the standings at present. Frister appears well on the way to the championship.

Getting 17 hits of June, the highly touted Franklin Butler the Midgets and out of the Frinkling team in last week's game by an 8 to 2 score and simultaneously eliminated it from the playoffs.

Following this hitting was weaker than that of the Midgets, the losers would have made a much better showing had it not been for the excellent throwing of Schlauck, backstop. Nearly every baserunner was thrown out by him.

Frisking's catcher-to-catcher combination also deserves some credit. The two men combined to catch six runners attempting to steal the key bases.

In fighting an evening game Wednesday, the winners were Frister and Fellowship; the latter allowed only two hits and one run. Wednesday's game was a scoring four-frames to strengthen its position in the playoffs.

Following a 1-0 victory in a previous game Wednesday, Fellowship and Fellowship; the latter allowed only two hits and one run. Wednesday's game was a scoring four-frames to strengthen its position in the playoffs.

BIG BEAVER

Mr. William Buxton and Mrs. Clement Cosinear of Detroit and Mrs. Walter Miller were Thursday luncheon guests of Mrs. B. H. Lorser.

Mr. and Mrs. William S. Walker had as their guests last week, their son and daughter-in-law, Mr. and Mrs. Frank Walker, and their children of New York City. On Friday, Mr. and Mrs. Dan MacGregor, of New York City, were guests at the Walker home.

Mrs. Euphemia Orr is visiting at the home of her son and daughter-in-law, Mr. and Mrs. Norman C. Orr.

Mr. and Mrs. George Belden are receiving congratulations on the birth of a daughter, born Aug. 14.

Mr. and Mrs. James H. Tracey and their daughter, Virginia, were recent guests at Sandy Bottom Lake at the summer home of Mr. and Mrs. A. N. Dean.

Mrs. Jean Arnston and Mr. and Mrs. Frank James, all of Detroit, were guests Sunday of Mrs. S. J. James.

Mr. A. Toefler is vacationing with her son, Dr. Delbert Toefler, in northern Michigan.

Miss Florence Hamilton of St. Thomas, Canada, has been the guest of Miss Bethel Forsyth for the week.

Leaders At First Cranbrook Play School Receive Medals As Term Comes To Close

Final exercises were held Saturday at Cranbrook for the 38 boys "students" of the first Cranbrook Play School.

Final exercises were held Saturday at Cranbrook for the 38 boys "students" of the first Cranbrook Play School. The program was directed by Miss M. D. Halsted, and the boys received medals for their achievements.

Woodworking and outdoor games, including track, tennis and swimming, were the principal activities of the group. Stories were kept and medals were awarded during the six-week term.

Mr. Nickerson was assisted in the direction of the school by Howard West of the Latin department at Cranbrook School, and by Dick Shaw, Wally Heavenrich, Al Harlock, Jack Cickack and Gus Pearson, Cranbrook pupils.

Mr. Nickerson was formerly designer and sculptor for the Cowan Pottery Studios in Cleveland; a resident sculptor at the Lorado Taft Midway Station, Chicago; and was the designer and sculptor for the Seminary Choir, Chicago University; the Artex Temple, Hotel President, Kansas City, Mo.; the Madrid Theater, Kansas City; the Administration Building at Kansas University; the Masonic Temple in Wichita, Kan.; and the ceramic mural in Lakewood High School, Cleveland.

GREASE FIRE BURNS KITCHEN DECORATIONS

Slight damage to kitchen decorations was caused in the home of L. Kullman, 351 Bryans avenue, by fire Tuesday night which started when grease in a kettle on the stove boiled over and burst into flames.

Mr. Nickerson was formerly designer and sculptor for the Cowan Pottery Studios in Cleveland; a resident sculptor at the Lorado Taft Midway Station, Chicago; and was the designer and sculptor for the Seminary Choir, Chicago University; the Artex Temple, Hotel President, Kansas City, Mo.; the Madrid Theater, Kansas City; the Administration Building at Kansas University; the Masonic Temple in Wichita, Kan.; and the ceramic mural in Lakewood High School, Cleveland.

Gregory To Offer Ceramics Classes

Limited classes in ceramic sculpture and ceramic craftwork will be given by Wayne DeSanctis Gregory, a comparative newcomer to the Cranbrook group.

Mr. Gregory was formerly designer and sculptor for the Cowan Pottery Studios in Cleveland; a resident sculptor at the Lorado Taft Midway Station, Chicago; and was the designer and sculptor for the Seminary Choir, Chicago University; the Artex Temple, Hotel President, Kansas City, Mo.; the Madrid Theater, Kansas City; the Administration Building at Kansas University; the Masonic Temple in Wichita, Kan.; and the ceramic mural in Lakewood High School, Cleveland.

Boy, 12, Injured In Fall From Bicycle

Eugene Parmenter, 12-year-old son of W. H. Parmenter, Crooks avenue, had recovered today from painful injuries he received Friday morning when he fell from his bicycle and struck his head on the pavement.

The boy was found lying in an unconscious condition on Fourteen Mile road near Satchawana avenue, Clawson, with a severe bruise on his head and his bicycle at his side.

At first it was believed he had been struck by a hit-run motorist, but when he regained consciousness he explained that he had fallen from his bicycle when he tried to adjust a package carrier while in motion and his foot became caught in the spokes.

Sewer Contract Let To Midwest

The contract for the construction of the eight-inch sanitary drain from Wilmoleton drive to Brookside drive in the Birmingham Harvey Subdivision was let by the Commission Monday night to the Midwest Construction Company.

The company was the lowest of 10 bidders for the work, offering to lay the sewer at the rate of \$7.75 a foot and to install two manholes for \$45 each, a total cost of \$374.21, to be paid by the owners of the subdivision.

The drain is to be 233 feet long. Other bids ranged as high as \$492, according to William H. Manager James W. Parry, who recommended the contract be let to the Midwest Company.

LIGHT POLE SNAPS AS DRIVER MISSES TURN

Homes in the West Maple avenue district were without electricity for a short time Tuesday afternoon when a Detroit Edison pole was snapped off when struck by an automobile whose driver was unable to round the turn on the grade leading up from Baldwin Park.

The driver, James O. Kirk, 111 Smith street, although uninjured, was arrested for driving recklessly. He pleaded guilty to Justice Floyd S. Buck and was fined \$50. Officers said they had a half-pint of liquor in Kirk's car.
