ally termed the "faills" of education which a

Cur Country Best Of All since to the fact that all of us, it times register in the fact that all of us, it times register in which government is operated in the United State, never consists of the country is still the best one in which to five. The good old U. S. A. still offers greater stearity for your efforts than any other land in the whole world. Except, possibly, a prepertually endowed cemetery lot. But the latter is only tee dead once.

is only fee dead ones.

Mean written Never Put that bone in the chicken. The old gil had to rise early to get the worm, and then ipend the remainder of the day pecking away for grain. It's the same way with humans, too. We've got to go lack, and back, and tack again to the same trask if we would strengthen out spines.

It's very course, to say; do this or do that and you will some day be a success. But the only reation more geople are not successful is because they merely accept the suggestion, but neter act upon it. You've got to transform good intentions into completed accid you would make progress.

WALTER E CONNELLY, member of the Village Commission and an interested citizen in good government policies, it soung a quiet bit of personal work for William B, Rosewear, Jr., Republican candidate for Controls, in saking an active campaign for the office, and is each week gathering new friends to his side. He takes in the seal way to be seal to the side. He takes in the seal way to the seal way

EVERY EVERY NEWSPAPERMAN early learns that most want all the news that is possible to be obtagenerally about the other fellow.
