

CHEER UP, GIRLS! AND STAY IN THE RING!

One place where there's no sign of "Make Yourself at Home" on door is motion picture studio. Chummy guys help themselves to a glass of beer and a cigar, but the girl who is supposed to be in the chair does not. She can do what she likes in her own way.

During the filming of "No Man's Land" the "No Man's Land" crew of company helped himself to a couple of English beignets. Before production could get on, the beignets had to be prepared, and it was half an hour before they could be substituted, so that the crew could get them in original position.

If beignets had been missing hundreds of sharp-eyed fans would have written to studio complaining on fact, for nothing seems to give some picture-goers more delight than to catch discrepancies, directors have discovered.

Chris Bow (and who doesn't know who Chris is?) has been wearing white and blue in N.Y.C. while waiting for her western film husband, Rex Bell, to complete his contract. She has been waiting for her western film husband, Rex Bell, to complete his contract.

How far down? Peggy has been making a name for herself in person. She has been making a name for herself in person. She has been making a name for herself in person.

Mr. Guy Standing, one of leading actors in London and Broadway, has been waiting for a film. He has been waiting for a film. He has been waiting for a film.

"She Done Him Wrong" is the title of a new musical play. It is the title of a new musical play. It is the title of a new musical play.

Rudy Vallee is to make second appearance on screen. Rudy Vallee is to make second appearance on screen. Rudy Vallee is to make second appearance on screen.

There are two who will be in the new play, "Design for Living". There are two who will be in the new play, "Design for Living". There are two who will be in the new play, "Design for Living".
