CRASH CLAIMS SECOND VICTIM

Ill Health May Keep Nominations Out Of Race

Although a petition nominating him for village president in the Mar. 14 election was filed with the clerk Tuesday, Harold T. Elberly, former holder of the office, declined again yesterday to say whether or not he would accept the nomination.

His health, he said, has taken his toll for the past few weeks, and unless his physical condition improves, it is probable he will not enter the campaign.

"It doesn't matter the least to me," he said, "if I am not elected, it is a job that I don't feel capable of."

"I don't feel capable of it," he said, "but I will make a definite announcement later."

To date, Harry Allen, the incumbent, is the only candidate for the office. He leads a list of four members of the Commission, all of whom are seeking reelection.

"However, it is probable my decision for a few days, and will make a definite announcement later."

These penalties will be in addition to the fine applicable to the village on Sept. 1, and avoidance of their payment will therefore entail a cash saving, the letters will point out.

The letters will be addressed to the taxpayers who are in arrears on their taxes, but all those who still have unpaid balances—numbers of them—will be notified by mail if they have not reached it time all ready to pay to Village Manager Parry.

These payments have to go for which we would otherwise have to go to the banks," Mr. Plumstead said.

Before Mar. 1 will benefit not only the taxpayer himself but the village as well.

There's business to be gotten, even in these times. It's only a question of how hard you work to get it. L. E. "Larry" Colgrove, local realtor, estimates you have to work anywhere from five to 20 times harder than in normal times, and he should know, for he is an engineer, all alone, the lease of the property at the northwest corner of Perry and West streets to the Huron Tire Company for its new service station, the village has never accepted a project of this kind before.

The transaction involved the securing of a mortgage for the village, and the securing of a financial advisor, public relations counsel, contract intermediary and whatever else was needed as well as real estate agent to see to it that the airplane trips to Akron and countless journeys to and from Detroit after all this, he found that the other details could be arranged, too, even in 1932.

Candidates For Supervisor

Small Effort To Secure Election To Township

Attention to the business of vote-getting.

With the contest for the supervisorship definitely limited to two candidates, and the field for other offices narrowed down sharply in contrast to the large numbers which sought election last year, candidates for nomination as members of Bloomfield Township primaries Nov. 7 had seriously turned their attention to the business of vote-getting.

Despite scores of rumors that at least one other candidate would appear, Perry A. Vaughan, the incumbent, and Robert K. McClellan for nomination as supervisor, expiration of the trusteeship and the filing of petitions Tuesday afternoon found those two alone in the field.

Vaughan was elected to the office last spring over eight other candidates, and he received 19 votes behind Vaughan, was the leader.

Friends of both candidates admitted yesterday that McClellan's platform advocates repeal of the Eighteenth Amendment and regulation of liquor control by the township. He also proposes the establishment of a tax limitation rate on real estate, safeguards against further business depression, and a sufficient tariff and such other measures as will secure the American market for American products.

In regard to national defense, his platform urges adequate protection against attack or invasion, and freedom from entanglements in Europe and Asia.

McClellan's platform includes all of Oakland County and a part of Wayne County.

The Oakland County Poor Commission has been too long the butt of the old joke "let George do it," and is now struggling to get on its feet to fill a vacancy, an office which is being held by Pleasant Clark, chairman of the council.

Clark is now serving as justice in the township court, and is a candidate for the full four-year term as justice of the peace.

James W. Taylor and Roy D. Deary, both of whom were candidates for the full four-year term as justice of the peace.

The meeting was called by Mrs. Alice Haldane, Mrs. Thekla E. Bailey, and David E. Anderson, the latter the first man to run for the office for several years.

Hersey Elected Commissioner

The petition deadline brought out no new candidates for any of the offices, and the incumbent commissioner and member of the Village Board of Review, was unopposed for reelection.

John E. Wilson, the incumbent, was elected to the office of justice of the peace.

VILLAGE RENEWS DRIVE FOR FOOD

Boy Scouts Join Requirement Relief For Growing Demand

Responding to a new demand for food for Birmingham's indigent, the Village Neighborhood Relief Committee today had opened an intensive drive for supplies with which to supplement baskets distributed by the Poor Commission to protect against unforeseen emergencies.

The feature of the drive is the distribution of 2000 Boy Scout Troop 1 of 500 large empty paper sacks to homes in specified neighborhoods.

The bags will be required to be filled with inexpensive groceries marked on the sacks. The Boy Scouts will be required to deliver the bags to the homes.

Receipts for donations of food and clothing for the poor will also be returned to their former positions in grocery and department stores, according to Arthur J. Kane, chairman of the committee.

The receipts had been withdrawn temporarily during a dropping off in the demand for food relief.

Distribution of the sacks by the Boy Scouts will be required to be in charge of the members of the food committee.
