Players' Frolic At "Inappropriate" Party

An "inappropriate party" which simply means that anything and everything goes—is the novel idea planned for the Village Players' dance to be held at the Community House, Saturday evening, Mar. 5.

The "inappropriate" motive has been carried out in the invitations, which were issued on blank checks, and will also be featured in the decorations. As far as the dress for the occasion is concerned, it may be as inappropriate as possible, according to the committee.

Although it is not a costume party, committee members explain, one may wear a dinner jacket with riding boots, a de-collete gown with tennis shoes or any other "inappropriate" combination of styles.

Mrs. W. A. F. John is in charge of the invitation committee. Mrs. Sam Garber is chairman of the supper committee, and Mrs. E. W. Shattuck and Mrs. Ruth Saunders are in charge of the sale of tickets.

Mr. and Mrs. H. E. Whalen of Greenwood avenue, entertained a group of young people from Detroit at the Bloomfield Township Park Friday evening at a pot-luck dinner and dance.

Miss Youth Follows Trail Of Land, Water And Air To Alaskan Mission

"In nearly every instance the expensive classified ads I insert in The Eccentric get me quick and satisfactory results," one Birmingham woman told another. "I have found that 25 cents will take my message to the entire area—and that is what gets me a new maid, or sells some article I no longer have use for in my home." adv-t*

By rail to Seattle, steamer to Seward, rail to Fairbanks and by plane to Fairbanks, the work of a mountaineer to Fort Yukon is the route followed by George H. Whittlesey, 21-year-old son of Mr. and Mrs. Matthew B. Whittlesey of Bloomfield Hills, in his trip to Alaska to conduct a mission where he has enlisted for a year's volunteer service among the natives.

He was able to join the mission through a plan evolved by Robert C. Hargreaves of Cranbrook road, head of the Bishop Rowe Association of Michigan, who hopes to interest other Episcopal churches in the Detroit area in nominating candidates from which the one found to be best qualified will be sent annually.

Whittlesey was examined personally by Bishop P. T. Rowe, and interrupted his course at the University of Michigan to take the charge when he learned he had been accepted.

Great Trading Post The route by rail, steamer and plane was chosen in preference to travel by dog team from Fairbanks which would have meant three-weeks' journey following the Tanana and Yukon River bottoms, for which it would have been necessary to be hardened to the trail and familiar with dangers to be avoided.

Fort Yukon, where the mission is located, lies just within the Arctic Circle at the junction of the Porcupine and Yukon Rivers. Because of this location it is one of the most active trading posts for the trader and his fur.

Step-Step The mission's native agent is situated there, together with the Hudson

Stuck Memorial Hospital, named for the great missionary who first achieved the ascent of Mt. Kinley.

The hospital, in charge of Dr. and Mrs. Gratton Burke, accommodates 30 patients, and within the past few months has been accepted by the Committee on Hospital Standardization of the American College of Surgeons.

Duties Are Numerous Travel is entirely by dog team, sled and snow-shoe in winter, and by river and stream in the open season. Whittlesey's duties described by Mr. Hargreaves at the farewell service held in the youth's home in St. James' Episcopal Church on Feb. 14, just before his departure, will be as varied as the demands of a mission.

In times of stress he will serve to enlarge the nursing staff in the hospital. He will also be needed as a hunter to augment the food supply; he will be called on to make repairs and extensions to the mechanical plant, care and train the dogs, secure enough salmon when the run is on to feed the dogs through the winter months, maintain the boats and trail equipment, preside over social gatherings of the young natives and assist in conducting the services of the church.

The heart of this plan," said Mr. Hargreaves in closing his address of farewell, "is to relate more intimately the work of the whole life of the parish will be enriched, teaching of religious education made more vital and real and young men will be challenged as they never have been before."

Seeks Nomination As Treasurer In Township Primary

Photo by Arnold Studios Mrs. Bailey

Mrs. Theima E. Bailey, who is seeking nomination for the office of Bloomfield Township treasurer in the coming primaries, has been a resident and taxpayer in Birmingham for 15 years. She was graduated from high school and business administration school, and has had two years of college training.

Coupled with her formal education has been 10 years of general office and accounting work. For the past year she has conducted a public accounting and stenographic agency.

"If elected, I propose to give full time to the work and problems entailed in the fulfillment of the duties of the treasurer, to cooperate with the township officials and give the people of the township every possible courtesy, combined with an efficient business administration," she declares.

She is a member of St. James Episcopal Church and of the American Legion Auxiliary. She has served several terms as secretary and president of the latter organization.

Births
Mr. and Mrs. John Arthur Armstrong, 1367 Cole street, announced the birth of a son, James Paul, on Feb. 17.

The Birmingham Unit of the American Legion Auxiliary will give a luncheon and card party Wednesday at the home of Mrs. A. D. Cooley of S. Bates street.

We Can't Sell Old Shoes Today—

and we are not buying them!

WE DON'T sell shoes? No, you're right, we don't. This business of ours is still gifts, and books, and stationery.

However, whether you're looking for shoes, gifts, furniture, or clothes makes no difference. TODAY, as never before, YOU PEOPLE WHO RUN OUR BUSINESS (Yes you do, whether you think so or not) want the newest of merchandise.

A great Detroit researcher said the other day that there had been but little brought out within the last two years that was actually new! So we're glad that as we view this year's automobiles, furniture and clothes, that we, too, have the New!

We travelled to the great gift shows early this year and there found that the manufacturers had accurately sensed the demands of 1932. We found hosts of New gifts . . . and we bought.

Ready now are fine new table and bridge Lamps of copper . . . with this beautiful metal handled as you've never seen it handled in lamp-making. There are beautiful Shades . . . new in design and coloring, some with lace and fabric coverings, others with grosgrain ties in contrasting colors to relieve the formality of Alabaster. The new trend is also evident in the Pewters, the Dresden Bottles, Cut-Glass Pieces, Tallies, Place-Cards, and Wrappings.

All these, and scores more in our new gift collection deserve your consideration as you plan for your home, getting it in readiness for the approaching season.
