should I buy?

Here are VITAL FACTS to help you choose

THERE are many good automatic refrigerators.

But there is one that stands out above the others because it is in a class by itself, vitally different from any other kind. That one is—ELECTROLUX.

It is automatic, but has no machinery or moving parts.

A tiny gas flame and a tiny flow of water its all the
work, This simplicity is your best guarantee of perfect,
dependable service.

work, This simplicity is your best guarantee id serfect, dependable service.

It is anonately silent, not only when you get it, but as long anyou have it. There is no bound heeause there is nothing to make sound.

It costs less to operate than any other refrigerator, a few consist adap page for the gas and neater must.

It does not alternately stop and start. No funty noises in the kitchen, no "kerplunks" in the radio when you have Electrodux. It works all the time, to inferior.

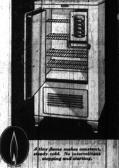

It makes constant, steady cold. There's scarcely any variation in temperature inside your Electrodux, thanks to the unique way it works.

The refrigerant is merely 3½ pints of ordinary, harmless amnoins, little stronger than household amnoins. The refrigerant is merely 3½ pints of ordinary, harmless amnoins, little stronger than household amnoins. The refrigerant is merely 3½ pints of ordinary, harmless amnoins, little stronger than household amnoins, method to the company guarantees it! Electronic is remarkably free from trouble. But should any adjustments be necessary, they are made at fonce,

New lake priores—here low terms. A small down payment puts one in your home.

Why not have the confort and convenient of an
