general idiots and people who put vinegar and sugar on lettuce salads. At rare intervals he will use digestible bait, but his great delight is to tow around a lake with a suitcase full of funny looking objects known as "plugs," "spinners," "wabblers" and "flugs."

"Flugs" look something like cucumbers, bananas, darning needles, dill pickles and carrots with spring rash. After a "plug" is shaped and colored, a few hooks and spangles are added to it. It is then thrown to the fish in belief they have an insatiable appetite for ornaments taken off old uniforms of Napoleon's guards.

"Spinners" are assorted pieces of tin with hooks, fore and aft. The man who invented them had an idea fish eat ear-rings for breakfast, identification disks for lunch and suspender buckles for dinner.

A very excellent bass "spinner" is made by taking a Freeman's shield, dipping it red, tying it to a pair of boy's skates, attaching it to a mouse trap and dragging it through the water at a speed not exceeding twenty miles an hour.

The general effect of these

"plugs" and "spinners" upon the fish is the same as that produced when you drag a red, white and blue banana in front of a horse and try to make him think it's oats, or drag a set of false whiskers in front of an emancipated kitten in the conviction it will mistake it for a saucer of cream.

(Continued 4 from Page 1)

that should be made to bear the burden as much as possible.

Whatever program is adopted, wishes of the teachers themselves will be respected wherever practicable. It was indicated from the fact that the Board and Superintendent Charles W. Cranford have addressed questionnaires to all members of the faculty asking for their opinions and preferences.

Mr. Cranford said that if the courses in music, art, etc., were discontinued as proposed, as many teachers in these subjects as possible would be retained in the places of others in order that extra-curricular activities could be continued. In any case, he said, two physical education instructors would have to be retained to comply with state laws.

IT'S VACATION TIME IN MICHIGAN

Tell those who live in less favored states of Michigan's sandy beaches, her forest trails, historic spots rich in Indian lore, her peerless summer climate and unequalled facilities for the enjoyment of every sport.

The millions of dollars spent each year by Michigan's thousands of visitors add to the prosperity of the state. Let us also spend our own vacations in Michigan this year, thereby contributing still further to its prosperity.

And wherever you go, dispel worry by telephoning home and office frequently. Call friends to tell them when you will arrive. Telephone ahead for hotel accommodations. Long Distance rates are low.
