JEWELRY FASHIONS FOLLOW FROCKS

Fashions in jewelry follow styles in frocks, although in the case of jewelry their fluctuations are governed by a larger rhythm, changing every few years rather than every season. Jewelry novelties are being constantly launched. Lelong, famed couturier, and Mauboussin, Paris jeweler, collaborate in creating formal evening troupes! The diamond chain with sapphires and a big naboncho sapphire, sketched here are from Mauboussin, as is the bracelet of small diamonds and sapphires. They are worn with a Lelong gown of white satin.
