

CITY CHARTER URGED HERE

Royal Oak Attorney Says Change Would Be Economical

Birmingham Exchanges Tuesday noon were told that the proposed change from village to city form of government would be more economical and efficient than it is able to enjoy under the present village charter. The speaker was H. L. Hudson, Royal Oak city attorney, who was present at the guests of Village Commissioner E. W. Osborne.

Mr. Hudson said that Royal Oak, changed to a city in 1922 when its population was 6,000. "The change was desirable because the village form of government is designed for communities of about 1,000," stated Mr. Hudson. "When you become larger, you find that the village and township governmental agencies overlap, resulting in needless expense and unnecessary handicaps to efficient control."

"As you will get greater representation on the County Board of Supervisors; you will also be able to set up your own justice court, which, in our case, as in most others, more than pays for its operation."

San Marino claims to be the oldest existing republic. It has had 50 centuries of uninterrupted existence.

WE HEARD IT SAID BY—

Condon L. Bailey, 624 East Maple avenue. "I believe the Republican Party is hogging its own grave with its attitude on the bonus bill and its straddling of the prohibition issue."

Trial For Bayles Is Continued To Today

Trial of James Bayles, 14 years old, proprietor of a shoe repair parlor on West Maple avenue, on charges of reckless driving, which was to have been held for Justice Floyd S. Buck's court Saturday was continued until 2 P. M. today.

The charges against Bayles, who lives at 160 West Nine Mile road, Ferndale, grew out of an accident at Woodward and Lincoln avenues on June 11, in which three cars were involved, and in which Mrs. Emaline M. Brodie, 8047 Hamilton avenue, Detroit, sustained cuts and bruises over the left eye.

Cromwell To Head Country Day Squad

Cortland Cromwell, son of Mr. and Mrs. Charles Cromwell of 722 Oakland avenue, was elected 1932 baseball captain of the Detroit Country Day School recently by the team members. Cromwell, a southpaw, is the first-string pitcher for the team, and has just completed his second season as a member of the squad.

This season he hurled in 12 games and averaged six strikeouts a game. Cromwell was among the 12 players who received baseball letters for the year.

Y. M. C. A. CAMP IS IMPROVED

Many Changes To Great First Contingent At Opening Saturday

The Oakland County Y. M. C. A. Boys' Summer Camp on Leach Lake, vastly improved since last season, awaits the arrival of the first group of campers for the opening of the first period Saturday. More than 25 Birmingham boys have signed up to attend one or more of the three camping periods.

Changes in the appearance of the camp and new facilities since last year include new sanitation improvements, a new health path, a change in the camp site, and a general beautification program which has been carried out with the aid of several prominent Oakland County residents. New style mosquito-proof tent houses have also been completed.

The health unit is the gift of the Birmingham Rotary Club. A committee of Rotarians composed of Walter Connelly, Harry Essert and Charles J. Shain supervised its planning and construction. It includes a first aid room, observation room and nurses quarters. Equipment and supplies are gifts of the Oakland County Medical Association.

The program for beautifying the camp site was carried out by E. W. Seaborn, Ralph Coryell and Edward Laird of Birmingham, and Arthur Meiser of Pontiac. It includes a new camp layout, and the planting of more than 1000 pine trees and 500 shrubs.

The camp has been dedicated by the state as a wild life sanctuary. Many specimens of wild game have been located there, and an extensive wild life program for the camp has been worked out by A. E. Glaspie, Judge Dan McGaffey and Harry Erve.

Clariston Auto Dealer To Seek Sheriff's Office

Among the most recent candidates for the office of county sheriff in next fall's elections is James S. Seterlin, Clariston business man who has announced his intention of seeking the Democratic nomination in the September primary.

Mr. Seterlin is 45 years old, was born in Waterford Township and educated in Waterford Center School. He was employed six years at Pontiac State Hospital, two years as a street car conductor on the Woodward avenue line and two years with the Oakland Motor Car Company.

From 1911 to 1917 he was employed in the Detroit post office. He was elected treasurer of Waterford Township in 1929, and has been in business since that time for 14 years. At present he is the partner in Seterlin Brothers, Chevrolet dealers.

He camps his candidacy on the promise of an independent business administration.

JAMES S. SETERLIN

Following to "Boys" from his brother in Edmund, Wis., where the former eventually settled with his Dear Bob:

Just a line to tell you that I have found a home for you if you can get back. It is on a farm a little south of here on the Lincoln road. Simpson just has the land rented and no one is living in the house.

I asked what the rent would be but the man said he wanted to see you and see if he could make a deal with you to pump it tank off with his cattle that are there on the place.

There is a tank and an engine to pump the water with. You can have a place for a garden, too. If you can make a deal with him to do that I don't think the rent will be very much.

Just close your mind and get this agent. If you can't do anything else can't you bring just what you can get along with now and try to get a job, then go back for the rest of your things later.

Hoping we will see you soon, GLEN

Poor Commission Sends Indigents To Farm Lands In Other Sections

How scores of indigents of the Oakland County welfare list have been able to find the means of livelihood through friends and relatives outside the county is revealed in letters on file with the County Poor Commission.

The Poor Commission has furnished transportation to dozens of families in the past few weeks who have secured the use of land in other parts of the state or in states outside Michigan where they may turn directly to the soil for their food and living expenses.

The camp has been dedicated by the state as a wild life sanctuary. Many specimens of wild game have been located there, and an extensive wild life program for the camp has been worked out by A. E. Glaspie, Judge Dan McGaffey and Harry Erve.

Village Commission Proceedings

Minutes of a regular meeting of the Village Commission held Monday, June 13, 1932, at 8:00 P. M. in the Board Room, 1000 Woodward Building.

Present: President Allen, Commissioner Hays, Hultzer, Lawson, Packard and Smith.

Absent: Commissioner Johnson.

Minutes of meeting held at 10:00 P. M. approved as printed.

Minutes of meeting held at 10:00 P. M. held by the Commission and approved as printed.

Pontiac gives you more for your money

PONTIAC PRICES REDUCED AS MUCH AS \$50 A CAR

CHECK THESE FEATURES OF PLUS VALUE

More Size and Greater Riding Ease... Pontiac is the biggest, longest car on the market at its price—the wheelbase of the Six is 114 inches. That means both roomy comfort in the luxurious new Fisher bodies, and exceptionally fine riding qualities under every condition of road and load.

Better Performance... Pontiac's large, capable, easy-working motors are now smoother and more powerful than ever. The Six—a car of flashing response and great flexibility—gives you well over 70 real miles an hour. The V-8, even faster, is one of today's most thrilling all-round performers.

Lower Prices... Pontiac prices have been reduced as much as \$50 a car—and now actually cost only a little more than the lowest priced cars. Running expense and maintenance, too, are remarkably moderate.
