Your Telephone Bill to be Issued on New Date

AS A CONVENIENCE to our customers the date on which telephone bills will be mailed in Birmingham is being changed.

In effecting the change it is necessary to hold the bills which would be mailed at this time till the first of April.

Consequently, customers will receive no bills at this time, and the next bill which will be received will cover the usual one month charges and in addition the charges for the twenty days during which the bills are being delayed.

The change is being made to accommodate the large number of telephone users who make a practice of paying their accounts near the first of the month, and who have found the receipt of the telephone bill in the mid part of the month an inconvenience.
