Class Pays Tribute To Mrs. Charles J. Shain At Reunion

More than 75 students of international affairs assembled at the Community House Tuesday to pay tribute to Mrs. Charles J. Shain, and to observe the seventh anniversary of the class devoted to the study of world affairs organized by Mrs. Shain, and conducted by her.

The program opened with the regular class period, including discussions on various aspects of international relations by members and an amusing travesty entitled "Mourning Becomes Electra." The latter, cleverly presented by members of the class, was a satire on American politics at the present time.

Luncheon was followed by a continuation of the program which included an international exhibit of articles brought from foreign lands and another sketch with the title, "Wedded But Not Wife."

The meeting closed this season for the class. A ceremony omitted Mrs. Shain was the usual presentation of a gift by members of the class to her as an appreciation of her time and interest as founder and director.

The House Inspection Campaign Planned

Free Service For Home Owners Intended To Revive Prosperity Here

In a nation-wide effort to bring about a revival of "good time" which includes the putting back to work of tradesmen, the R. C. Moulthrop Lumber Company of Birmingham is staging a free home inspection service this spring in the campaign for which is already under way. Stephen Zaniesville, O., is in charge of the campaign here.

"Our plan includes the free inspection of homes, to show what is needed in the way of various repairs," stated Mr. Mills. "We will point out the most economical methods to use, together with suggested materials. There is no obligation connected with this service. It is a practical plan to aid home owners, as well as to help in the return of prosperity. It also assures the home owner of having needed repairs done at a time when labor and materials are lower in cost than for many years."

Under the Leadership of Rotarian H. WHORLOW BULL, Auspices of Birmingham Rotary Club

"Mr. Bull's choir is one of the most admirable in this community. It sings from a wide sweep of choral literature, paying most attention to the contemporaries—such as Vaughan Williams—not ignoring the madrigals of the olden time."

Church Necessary, Men's Forum Told

But Denominational Competition Destroys Authority, Speaker Declares

The church is necessary to Christian living. T. M. Faddis, 692 Woodland avenue, told a group of more than 100 businessmen attending the Methodist Men's Forum at the Community House Sunday morning.

He stated that Christian people of today get their spiritual, moral, and ethical qualities from accumulated teachings of the church, based upon the examples and life of Christ.

The church, he said, had little appeal to many non-church members because of denominational competition which has resulted in an attempt to weaken the authority of the church and to break down needed discipline, and because of failures on the part of those occupying pulpits to present those spiritual messages.
