

TIGERS AND VOGUE WIN

Fellowship Club, Wilkinson Plumbers Beaten In Softball Openers

The Tigers and the Vogue Cleaners emerged victorious in the opening games of the Commercial division of the Y. M. C. A. softball league Monday night, the Tigers routing the Fellowship Club for a last-inning 7 to 5 victory, and the Cleaners pounding out a handy win over the Wilkinson Plumbers, 10 to 3.

The Tiger-Fellowship game, played on the Greenfield diamond, found the latter leading, 5 to 2, at the last half of the sixth inning, when the Tigers looked across five runs.

Fellowship had the tying score on third base in the seventh, but a pop fly ending a double play, spoiled all chances of victory.

Sorens was the winning pitcher, with McClelland behind the bat. Wedge and Jeremy shared the hurling job for the Fellowship Club, Sorens doing the catching.

The Cleaners had little difficulty in disposing of the Plumbers on the Greenfield Township Park diamond, putting the game on ice with rallies in the first and fourth frames, both of which netted four runs. O'Toole, Vogue pitcher, held the Plumbers three hits.

Opening of the schedule in the Commercial division of the league, originally scheduled for next Monday, had been postponed a week, it has been announced by Robert D. Lyon, "Y" secretary.

CIRCULATION GAIN MADE BY LIBRARY

Books in Triple Turnover Since First Of Year, Mrs. Thomas Reports

Circulation at Baldwin Public Library in April showed one of the largest gains as compared with that of the corresponding month of the previous year in its history, according to the monthly report of Mrs. Nancy R. Thomas, librarian.

In all, 10,151 books were issued during the month, of which 1,658 were circulated through the schools. This figure represents an increase of 2,215 over April of 1931.

The circulation since the first of the year has been over 10,000 each month, Mrs. Thomas said, meaning that an average of a book each month has been circulated to every man, woman and child in the village.

"The library owns 15,440 books," Mrs. Thomas pointed out, "and with a circulation of 41,842 over the past four months, the turnover has been more than triple. This would not be so hard on the book stock if each book were loaned in turn. But of course this is not true, and the more popular books wear out first."

"During the past month, 83 books were added to the shelves and 60 were worn out and had to be withdrawn making the total book stock smaller by seven than it was the previous month. This is the first time an actual decrease has been shown from month to month in the library's history."

Twenty-four books were donated to the library during the month by Mrs. V. R. Ogden. Mrs. Thomas reported. Seventy-seven new registrations were made during the month, the total registration to 6,107.

The states having the largest proportion of foreigners are New York, Pennsylvania, Illinois and Massachusetts.

James Allen and Leland Bunyan were elected deacons, while Mrs. Henry Stephens, Mrs. P. W. Parmenter, Mrs. Edwin Minks and Mrs. J. H. Sheridan were named deaconesses.

"In nearly every instance the unproductive classified as 1 (best) in The Eccentric get a quick and satisfactory result," one Birmingham woman told another. "I have found that 25 cents will take my message to the entire area—and that a what gets the new maid, or sells some article I no longer have use for in my home."
