Your Fat 1932 Dollar... AT today's prices your dollar buys all it bought for you in 1929 and leaves you with a balance of 27 cents. So, even if your salary or wages have been cut, you're probably better off than you thought. Beyond question, you'll be better off if you put at least part of the 27-cent-per-dollar difference in a Savings Account. This surplus money will be safe. It will be busy earning interest. It will keep mounting up. It will be ready for you when you need it most.
