AMERICA'S CLEANING  
SENSATION COMES/  
TO BIRMINGHAM!

An Amazing New Cleaning Process!  
A New Store That's a Complete  
Plant in Itself!

NEVER BEFORE CLEANING OF SUCH  
QUALITY AT THIS LOW PRICE!

Here's the Marvelous New  
Machine That Does It!

Sanders' Germicidal Tri-Cleaning machine is the result of years of research. Instead of the "batch" method used by ordinary cleaners, this machine actually "shower baths" your garments in a continuous flow of gallons and gallons of costly, perfect solvent, Trichlorethylene. THAT'S WHY IT CLEANS CLEANER! This fluid destroys germs as it cleans. It is constantly filtered and distilled so that the dirt of one garment is never deposited on another. THAT'S WHY IT IS GERMICIDAL! The Sanders process restores the original color, style and softness of the fabrics. THAT'S WHY IT RENEWS. The action of Sanders' process is so gentle and thorough that your clothes stay clean longer and are returned to you ABSOLUTELY ODORLESS! Yet it costs no more than old fashioned garment cleaning.

What is.  
**SANDERS**  
GERMICIDAL  
Tri-Cleaning?

It is a new name given to a new process of garment cleaning that uses the expensive, perfect solvent, TRICHLORETHYLENE, in a marvelous, exclusive machine. It is absolutely different and far superior to ordinary cleaning. It works like magic. Tri-Cleaning cleans clothes cleaner and they stay clean longer. It restores the look of newness, the original colors and style. It is odorless and GERMICIDAL (destructive to germs).
