**CIRCUIT COURT
COMMISSIONER**

During the time I have been Circuit Court Commissioner, there have been before me respondents in approximately seven-hundred cases. The law would require that any respondent be given a public hearing, and if the removal from the property be set on the street, however, through the cooperation of the local press and the deputies, we have been able to supply houses, and firms, in all except less than half of these cases, two or three houses to accept homes which we had secured for them. I submit that this record is without parallel anywhere in the country, especially during these trying times.

In the conduct of this office merits your support, then I desire, and will appreciate, your vote.

We have conducted this office impartially and will continue to do so if re-elected.

Loomis Institute and of Bowdoin College, in the class of 1922. He served in the World War in 1919 and emerged with the rank of corporal. Since the fall he has taught at St. Paul's of Long Island (1925-27) and at Hill School from 1927 until the present. His main field of interest is in mathematics, but he will also be called to assist in athletics, which formed a part of his college career. He is married and has two children.

County Treasurer
Seeks Re-election

His past experience, training and the knowledge of taxation are the points on which Albert W. Wilson, county treasurer, seeks re-nomination on the Republican ticket. In a statement issued yesterday,

"The interest of the taxpayer has always been my concern," Mr. Wilson said. "By far as township treasurer and supervisor I have come to know taxation in all its phases. As a member of the Board of Supervisors, engaged on committees to settle with county treasurers and the auditor-general, I had a fair understanding of the work in the treasury department before I became treasurer, and now, with my experience as county treasurer I feel that I am thoroughly endowed with the qualifications for the position."

Mr. Wilson's knowledge of tax laws and court decisions regarding them was one of the principal reasons for his selection in 1925 by the state delegation to delegate to the National Tax Association Convention in Philadelphia.

**KROGER STORES HERE
LEAD COMPETITION**

Inimical possibility that one of the Kroger Company grocery stores in Birmingham may be the winner of first prize in the district in the competition being held in connection with the meet for the President's Cup and that W. L. Lambert, district manager, may have the honors in the Detroit area zoomed back to Birmingham in tabulation of standings Tuesday night, the last before the contest ends Saturday.

All Kroger stores in the country are participating in two leagues of competition for the cup. The leagues are subdivided into districts composed of an equal number of stores. Awards will be made on the basis of store sales, store conditions, neatness and appearance, operating costs and other business features.

A total of \$200 will be awarded to winning district managers, \$200 and \$100 to store managers, and prizes of \$10 to \$25 to clerks in winning stores.
