strong arm of the law, therefore it requires a man who is fearless and at the same time, conscientious to the full extent of performing the duties, showing no partiality. This political edition would not be complete unless we made special mention of Frank J. Greenan who is seeking nomination on the Republican ticket for Sheriff.

Mr. Greenan can handle this office in an efficient manner and will always be faithful to the interests of the people. The writer believes that Oakland County will never have a more efficient, courteous and thorough man to seek this office. He knows Mr. Greenan and knows that if he is nominated and elected he will always keep in mind the needs of the people and serve them to the best of his ability. Actions speak louder than words and Mr. Greenan is asking for nomination on what he has done in the past and not upon flowery words for the occasion. He asks your support and will gratefully appreciate what you may do for him and the good words which you may speak in his behalf.

For 2nd Term As

Prosecuting Attorney

CLARENCE L. SMITH

Smith deserves your vote and support because he has—

Saved the County approximately \$27,000.00 in administrative costs alone.

Done the things his opponent now promises.

Undergone the most trying term in the history of the County.

Always held his duty to the people above any political expediency, or newspaper intimidation.

Kept on the job; worked long hours; and has gladly and courteously given services to needy people beyond the requirements of his office.

Obtained a record of convictions equal to that of any of his predecessors.

Never sought publicity nor shouted his own mental capacity.

Never disgraced the County by his personal or official conduct.

Never betrayed the voters or the taxpayers.

Obtained both fear and respect from the criminal elements, which must be a factor in the situation whereby crime has been reduced approximately 50% in Oakland County, while it has increased in an adjoining county.

Proven himself the type of man we want to see on the Republican ticket in the November election.

32 POLICE CHIEFS MEET WINS PRAISE

Hockett Terms Travlers City Convention Best He Ever Attended

Enthusiastic comment on the annual state convention of police chiefs, held last week at Traverse City, was voiced by Chief John P. Hockett, who returned to his desk Tuesday after attending the convention and spending a brief vacation.

"The 1932 convention was definitely the best one I ever attended," the chief said. "Although the sessions were longer than usual, they were exceedingly attended and considerable interest was evinced in all phases of the meetings."

Chief Hockett was particularly interested in three sections of the discussions: revocation of drivers' licenses, deportation of alien criminals and the question of motor crimes. Particular emphasis was placed this year on the practical cooperation of chief of police with the Federal immigration authorities, he said, and this led to considerable discussion on the subject of the immigration question.

A tenure of office act to provide for retaining chiefs of police, private security, and other officials in office for indefinite periods on good behavior was asked in a resolution of the convention.

The resolution provided that these officers should remain in office until removed after specific written charges had been made and public hearings held.

Other resolutions passed at the convention of record on favoring compulsory annual inspection of automobile safety devices, provision for an assistant state coroner-general in charge of anti-Communist activities, and as commending "splendid cooperation of the State Police with all other branches of the police in Michigan."

Marquette was chosen as the convention city for 1933. Chief Timothy Hurley of Marquette was elected first vice-president, and Chief Carl Brock of Detroit, vice-president for the ensuing year. Supt. John P. Smith of Detroit, was re-elected president, and Capt. Donald S. Leonard of Michigan State Police, was re-elected secretary.

State Again To Try Raising of Grayling
(Dept. of Conservation Press Service)

LANSING, Sept. 8.—Another attempt to propagate the Michigan grayling was made beginning next year with completion of a trout feeding station on the Otter River. Construction has started and the station will be ready to start trout during the spring of 1933.

While the new station will be especially a trout feeding station, rear trout for planting in the north-west section of the upper peninsula, according to the Conservation Department, experiments will be carried on to artificially propagate grayling. The Otter River on which the station will be located is believed to be the only stream in this state containing grayling.

County Democrats Plan 30 Rallies

Thirty simultaneous Democratic rallies in Oakland County are planned for Saturday evening by the Oakland County Democratic Committee.

Every town in the county will have one meeting, the planners hope. Speakers for each meeting will be assigned by the county committee.

Speakers will urge their listeners to ask for Democratic ballots at the primary Tuesday. They base their optimism in hoping for as large a Democratic polling as Republican on the fact that requests to city, township and village clerks by absentee voters have been for about as many Democratic ballots as for Republican. Ordinarily a request for an absentee Democratic ballot is a rarity.

SMALL BOYS CAUGHT AT WINDOW-BREAKING

Three small boys, none of them over 14 years old, appeared at the Birmingham Police station last Thursday, charged with destruction of property.

According to Officer Grant Springstead, who took the three into custody, they were found breaking windows and otherwise damaging property in a vacant house at 184 Willie street. The boys told Springstead and Lieut. Richard Lawler that two others were with them, and that they had done the damage done by each of the party.

They were released after arrangements had been made to repair the damage. The house is the property of Mrs. Anna S. Hitchings of Detroit, a former Birmingham resident.

Farmer • Lawyer • Business Man • World War Veteran

No congressional district in the United States contains a greater diversity of population and interests than our new 17th District of Michigan. We have farms and factories, small towns and large cities, large residential areas and business centers, in two different counties. To properly and adequately represent such a district in Congress, its representative must be a man of unusual INTELLIGENCE, CAPACITY, and COURAGE, a man with a high sense of duty who has the welfare of the people at heart.

Robert G. Yerkes is the one candidate for Congress who has the comprehensive understanding and experience which the task of representing the 17th District demands. As owner and operator of Braeside Farms, Novi Township, Oakland County, where members of his family have resided since 1824, Mr. Yerkes is thoroughly acquainted with farm problems. He has a personal, vital interest in agricultural legislation.

As a member of the law firm of Yerkes, Gaddard and McClintock, Mr. Yerkes has come into contact with a wide range of problems affecting people of this District. He can and will devote himself to being helpful to his constituents in every part of the District, as their Congressman.

As a business-man and a taxpayer, Robert G. Yerkes has the experience, the seasoned judgment, the breadth of vision that this important office requires.

A World War Veteran and member of the American Legion (Lloyd H. Green Post of North-ville), "Bob" Yerkes has a particularly keen interest in the affairs and problems of his comrades with whom he served. He stands ready to serve in peace as in war, and will devote his entire time to the welfare of this District.
