Discouraging Payment Of Taxes

Discouraging Payment Of Taxes
Michigan, hrough its Legislature, is trying to restore
some form of citizen-moral; that will result in speeding up the payment and collection of taxes. Many
plans and shmen have been offered Some of them are
good, some of them are bad. One of the latter, in our
opinions, is the Bill offered by State Senator Andrew L.
Mostr, of Rontiac, which would lend to discourage the
future payment of taxes by those who, thus far, have
actually, supported government for those who have
become deliniquent taxpayers.

Mr. Mootre's Bill would loutlaw all delinquent taxes
on jeroperty prior to 1928 it also would take the
delinquent[taxes from 1928 to 1931, inclusive, eliminate, the accrued interest and penalties, and group
them in one lump-sum, to be paid for in ten installments, beginning in 1935. To all appearances, the Bill
is designed to ad the holder of speculative sub-division lands, whater than the boutery of impraved proberty.

These pobably is little chance of Senator Moore's

as using the probably is little chance of Senator Moore's Bill passing at Laming, since others have been introduced which in order to aid PRESENT governmental problems, it least require that is order to take advantage of M Moore's propositione would have to pay his 1933 and 1934 taxes.

We have talked with many many persons about Senator Moore's Bill; on insarly every occasion the exaction is monthing like this: If the State of Michigan is going to place a premium on tax delinquency by allowing those who do not pay their taxes to suffer no genalities, then why should I pay my own taxes? If I fe my taxes become delinquent, perhaps enough others will do likewise and then another Legislature can let us excape all plenalities.
