

# Whalen Brothers are 'Freddy' Schwarze Are Series Stars

### MERCHANTS TO PLAY BIG BEAVER SUNDAY

The Birmingham Merchants are scheduled to cross bats with the Big Beaver nine in a game Sunday at Big Beaver.

Carl Kelly, buried the Birmingham team to a 12 to 2 victory over the Park on the Merchants' diamond here last Sunday.

### WE HEARD IT SAID BY—

Charles J. Shain, local druggist: "I'm afraid the new law which makes it possible for municipalities to accept low-priced bonds in payment of delinquent taxes will encourage the non-payment of taxes."

## FINTEX BEATS VARSITY TWICE

### Winner Can Clinch Title By Taking Third Game Tonight

By DEAN BEIER  
The Fintex-Fellowship team stands on the threshold of its second successive F. M. C. A. softball league championship today in a virtual no-hitter Monday and Tuesday nights in the first two games of a three-out-of-four tilt series with the Varsity Nine.

The third game of the series will be played tonight on Poppen Field. If Varsity forces the play to a fourth tie, it will be played Tuesday night.

Both of Fintex's victories were won by the closest of margins—a single run scored in the last inning with two men out.

Schwarze Saved Game  
Freddy Schwarze was the winner hero in Monday's contest. When the Fellowship players took their turn at bat in the seventh, the count stood knotted at 6all. Bob Croffie, first up, grounded out to third, and the game was popped to Caneverat short.

Schwarze then reached first on a single and Howard, the seventh, pitched ball catcher Hogan kept a long lead off the base, and attempted to trap him with a peg to the throat. He was slightly off and got past Hogan, enabling Freddy to score with the winning run on walks.

Moore, on the mound for Varsity, twirled his best game of the season, allowing but five hits and issuing only one pass. Whalen, Fintex pitcher, also gave five hits, but permitted seven men to reach first on walks.

Tuesday's game had a pair of heroes in the Whalen brothers, Hank and Howard. The seventh inning found the Fintex nine trailing by two runs. Friday Schwarze scored one after reaching first on an infield error, Herm Schwarze ground out.

Triple Scores Announced  
Annette Shredel, and Howard Whalen drove him in with a triple to enter field. The longest of the series to date Johnson was out on an infield fly, but Hank Whalen dropped a Texas leaguer over first base, scoring his brother.

Again the Varsity hurler overshadowed that of Fintex. Hogan, Varsity moundman, granted five hits and no walks, while Whalen, who again went the route for the winners, was touched for six hits and one base on balls.

Varsity's turnover, good performance in the series to date promises to make tonight's game anybody's until the last man is out. Two of Fintex's stars, Laid and Taylor, unable to play this week, are expected back in the lineup if the series is extended to more than three games.

The Eccentric maintains three telephone numbers: 11, 12, and 13. A courteous switchboard operator will answer your call, whether it be for the placing of a news item or an advertisement, or information on your printing needs.

## Tennis Ace Here

### Latest foreign tennis arrival is Miss Joan Ridley, English court star, who will participate in the national singles championship tournament in Forest Hills, N. Y.

Miss Joan Ridley, English court star, who will participate in the national singles championship tournament in Forest Hills, N. Y., arrived in Birmingham today. She is the latest foreign tennis arrival in the city. Ridley is a former Wimbledon champion and has won several other major titles. She is expected to be a strong contender in the national tournament.

## Canoeing, Hiking, Riding Keep Boys Busy At 'Y' Camp

With numerous Birmingham boys in attendance, Camp Mahogany, on the Oakland County shore, is in full swing. The camp is held in the middle of an open field, and the boys are engaged in a variety of outdoor activities. Canoeing, hiking, and riding are the most popular sports. The camp is run by the YMCA and is a popular destination for boys during the summer months.

One of the most popular features of the camp this season is the "Y" camp. The camp is held in the middle of an open field, and the boys are engaged in a variety of outdoor activities. Canoeing, hiking, and riding are the most popular sports. The camp is run by the YMCA and is a popular destination for boys during the summer months.

The purpose of the wheat production allotment plan is to insure the farmer a price for his wheat which is equal to purchasing a bushel of wheat at the 1914 wheat crop.

The camp has added to the equipment this season several folding campers, large canvas tents, and cooking utensils for hiking. Every boy in camp is being given an opportunity to take either an overnight hike or a three-day hike.

Shooting parties and a group of riding horses have also proved popular, especially with the younger campers. Large numbers of boys have passed swimming tests and the class in life saving is the largest in the camp's history, according to Mr. Lynd.

As usual, the boys are finding the handicraft program among the most interesting and useful features of the entire camp. The young craftsmen have made articles in leather, canvas, and wood. Models, gliders and metal work and one group has whittled out a set of chess men.

Final two-week camping period will begin Saturday. Reservations are being received now at the camp at Hale, Mich.

## Golf Facts

ASK ADVICE ABOUT ANY GOLF BUY PICK YOUR OWN CLUB

ALEX MORRISON says: If you haven't played the game very long, if you are playing over a canteen, or if you're in a way undecided about what you have to make, by all means get that information you can from your caddy or those familiar with the shots.

But, best golf advisors name the club you should name about the proper line to take and the approximate distance to carry, then translate this information into things you know you can do with your own clubs.

However, they've told you about the proper line to take and the approximate distance to carry, then translate this information into things you know you can do with your own clubs.

It may be the right club for them and entirely wrong for you. No two players get exactly the same results from the same club.

## ARCHERS PLAN 1ST ANNUAL TOURNEY

### North'n 'Y' Sends But Four Swimmers To Meet B. A. C.

The first annual championship and handicap shoot of the Birmingham Archers is scheduled to be held Saturday afternoon at Bloomfield Township Park. The tournament will be open to members of the club only, of which there are about 30. The prizes will be awarded to the highest net score for a 30-arrow shoot. The double American round call for the shooting of 30 arrows each at three different distances—60, 50 and 40 yards.

The thing that saved the evening for the spectators was the exhibition work of the team attending, and no one who paid his admission should feel that he didn't get his money's worth.

Anthony "Sandy" Spikiewicz, Western High school boy swimming for the Detroit Athletic Club, gave an interesting exhibition of the Japanese crawl. Spikiewicz is state interscholastic champion in the 150-yard backstroke.

Don Goubling, city interscholastic champion in the 220-yard free style, gave a 100-yard free style exhibition. He is a Southeastern High School swimmer, and swimming for the D. A. C.

## New Wheat Plan To Be Explained

Seven members of a committee chosen to begin the work of reducing the wheat acreage in Oakland County as requested by Henry A. Wallace, secretary of agriculture, along with K. D. Batley, county agricultural agent, will explain the economic position of wheat and the domestic allotment plan at a meeting to be held in Troy Town Hall at 7:30 P. M. Friday, Aug. 18.

The members of the committee are John Adams, Leonard, Joseph P. Hubbard, McKimley, Edward P. McKinley, William Van Zandt, and Walter Taylor, Orchard Lake, and Hugh Taylor, Orion, Mich. This committee was charged with explaining to farmers why and how the plan will work and how the people of the county will benefit from its operation.

Already one local location has been sent to camp on proceeds from the fund, and the campaign had brought \$275 in contributions to date. Within 37.5% of the amount needed to pay the expenses.

Contributions are being received at The Eccentric office and at Julius F. Wenzel, 511 Hanna street, Birmingham. The district committee. Your donation will help, no matter how small it is.

## OFFICER ARRESTS FIVE AFTER BRAWL

### Story of how a lone residential police found roused and arrested five youths, single handed, following an alleged drunken brawl in a barroom.

The story of how a lone residential police found roused and arrested five youths, single handed, following an alleged drunken brawl in a barroom, is told in a feature story on this page. The police officer, who was called to the scene by a neighbor, found five youths in a barroom on Southfield Road near Thirteenth Mile road Saturday night. The youths were in a state of drunkenness and were causing a disturbance. The officer, who was alone, managed to subdue the youths and take them to the station.

The officer handcuffed two of the youths who were drivers of automobiles, and after locking them up returned to the others who had hid in corridors and meadows. Lambert wanted them all up after a lengthy search, and they spent the week-end in the County Jail.

The youths, all of whom live in the vicinity of the barroom, are: Berley, ranged in age from 20 to 24 years; three of them, Lloyd and Berley, were arrested on Saturday night. The other two, William Day, paid fines of \$10 each; Marcus Berthelson paid a \$5 fine; and George Harney was sentenced to 30 days in jail in lieu of a \$10 fine.

## Library Issues 6,519 Books During July

An average of 2000 books per day were issued from the Public Library for the 25 working days of July, according to the monthly report of the librarian. The total circulation for the month of July was 6,519 books, as compared with 5,614 for the corresponding month of 1932 when the library was open on a full-time basis.

Fifty-two new registrations were received last month, and 39 were withdrawn. The report shows the total registration on Aug. 1 was 5,413.

The total number of books in the library on that date was 128,433. New books numbering 128 were added last month, of which eight were taken from the district collection, four were purchased from the publisher of rentals, and 116 were donated.

## Henry Ford Dearborn Mich.

UNTIL WE LEARNED BETTER

Until we learned better, we used to mix wood and steel in our bodies and wheels.

It was the best way to make bodies—then. But the state of the art has advanced.

Of course, it is more expensive to make in all-steel body than to make a wooden frame and nail steel panels on to it. The better way involves an initial expenditure of several millions of dollars for new dies, which renders a change very costly.

Our reasons for adopting an all-steel body were these: A wood-steel body is not much stronger structurally than its wooden frame. In all American climates, wood construction weakens with age. Every used car lot gives evidence of this. Rain seeps in between joints and the wood decays.

Steel does not need wood for strength or protection. Wood is fine for furniture, but not for the high speed vehicles of 1933.

The all-steel body is more expensive—to us, but not to you. By all odds, then, steel bodies seem preferable.

Wheels also have become all-steel. No one argues that an electrically welded one-piece steel wheel, such as the Ford wheel, needs to be "strengthened" by adding wood to it.

The one-piece all-steel body is the strongest, safest, quietest, most durable body made. That is our only reason for making them.

August 7th, 1933
