MICHIGAN CALLS THE WORLD TO PLAY
SUN-BATHING on a thousand beaches... sports on land and water... the allurements of ancient trails and the thrills of the most modern highways... forest, hills, gigantic dunes...

Thousands of visitors spend a great deal of money in our state each summer, creating employment for many people and adding to the prosperity of all Michigan. We can increase that business greatly if each of us will urge others to visit Michigan. We can contribute even further by spending our own vacations here.

CROWD SEES Twilight League Standings GIANTS TAKE 2

The largest crowd that ever attended a baseball game at the East Maple avenue diamond, home grounds of the Birmingham Merchants, was in evidence last night when the Merchants and the Michigan Giants, leading Negro line of the Sixes, met in a double-header.

Except for one inning, the sixth, the local nine played as good ball in the first tilt as the visitors did, both in the field and at the plate. With one down in the sixth Jerry Tapley smacked out a clean single between the third baseman and left field.

The only time in either of the two games that the Merchants led was in the second inning of the first. Neither team scored in the first inning and DeWalt, number two up for the Merchants in the second, was hit by a pitched ball.

Against the locals started nicely and Eddie Grace matched the Giants' only score in the first inning with one himself. This proved to be the only March run in the whole game and the final count was 15 to 1.

MERCHANTS ASK GAME
Although the scheduled game between the Pontiac Postoffice and the Birmingham Merchants, which was ticketed to be played Sunday afternoon on the East Maple avenue diamond, has been called off, the Merchants will play a game here Sunday as usual.

Puzzle That Pays Fans Are Profiting

Prices may be going up but fans are still getting their share for little effort and lots of fun. This week there are three more prizes offered—prizes that young and old, feeble and strong alike can win.

The lucky winners of last week's puzzle were Miss Mabel E. Cook, 253 Townsend street, first; Mrs. Chas. W. Minding, 251 Martin street, second; and Mrs. Marjorie Effe, 168 Lincoln avenue, third.

WE HEARD IT SAID BY—
George E. Baldwin, of Lakeview avenue: "According to my fish calendar, next week the trout season starts in Michigan. So I intend to check up on this calendar by placing myself in the position in the Fore Marquette River where, by diligent and painstaking endeavor, plus the throwing of various artificial flies upon the water's pure and pipping surface, I may catch to my creel some beautiful fish."

VAN'S DRUGS TIES SECOND

Equals Varsity No. 8; Precinct-Theory Game; Wins 2nd Best
By DEAN BEIER
Van's Pharmacy again bobbed up into a tie for second place with the Varsity No. 1 squad in the Y. M. C. A. softball league when-precinct for Thursday, Monday and Tuesday's games were figured.

The best battle of the week developed as the tilt that the Fillet Precinct won from the Theater, nine to 13. Strengthened by two best players in Cox and Wassy, the Theater says the Precinct nine its biggest scare of the season.

Remember! If you need your eyes repaired, your gas tank filled, your family fed or laundered or anyone of the countless things we all need, these days are here's your chance—only 12 more weeks, so get going, folks!

on Tuesday Van's defeated Varsity 2, 10 to 3, and the Eccentric won over the Embury Church outfit, 9 to 7.
Because the Postoffice team is found it impossible to place a full team on the field Irwin Neff, director of the league, has announced that all future games for the Maumen had scheduled would be forfeited. Teams that were billed to play with the Postoffice will be credited with victories for each time they are scheduled.

Why is it that every 12-cylinder and 16-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment have definitely proved: STEEL ALONE IS NOT ENOUGH!
