Are You Buying School Scrip?

In an effort to keep the Birmingham schools open, the home-schooling movement is being staged! The Birmingham Board of Education has authorized the sale of scrip, or in-store credit, to help defray the costs of maintaining the schools.

The aim is to keep the education system running smoothly. Without the support of the community, the school system would be forced to close its doors. By purchasing scrip, you are ensuring that the children of the community have access to quality education.

Please consider supporting our schools by purchasing scrip. Together, we can make a difference in our community's future.

SPRING PLANTING

First the Shoots and Then the Harvest

FROM THE ECLECTIC COLUMNS

The "Big Shots" Say:

The current financial climate requires a fresh approach to governance. It is time for the big players to take responsibility and make decisions that benefit the community as a whole. The recent changes in the financial landscape have necessitated a shift in priorities.
