Introducing "Chef-Ette"

It boils chops, cooks roasts, or heats the baby's bottle electrically!

There is almost no end to the practical uses for this handy cooking appliance. It resembles a glorified frying pan or chafing dish—but see what it will do! It boils steaks and cutlets, with the delicious flavor characteristic of electric broiling. It roasts even the cheaper cuts of meat, on the Dutch Oven principle, to incomparable tenderness and tenderness. It toasts bread or sandwiches which will not fit into the conventional type of toaster. Used as a hotplate, it heats coffee or warms the baby's bottle. And it is so convenient and compact that it can be used almost anywhere. It operates from any convenient outlet and uses but a little more current than an electric light. For all-round utility, this appliance has much to recommend it. Come in and see it today!

WE HEARD IT SAID BY—

J. B. Minton, local Grand Trunk agent: "Birmingham has the most up-to-date and finest individual station on the entire 23,000 miles of railway owned by the Grand Trunk System and Canadian National Railways. I believe the degree of pride in passing this information on to their friends is urging them to use the suburban service."

COURT CANDIDATE CITES EXPERIENCE
Flord S. Buck, candidate for Recorder in Ashland Election, At Justice.
"It would seem to me that a man who has had 20 years of years of successful experience in the general management of the public, in any office, would be more acceptable to the people than an untried candidate, no matter how high his qualifications," says Flord S. Buck, candidate for the office of justice of the peace under the new city charter at next Monday's municipal election.
