

YARD CONTEST JUDGES NAMED

Involved in Children's Gardens

The second annual Birmingham Yard and Garden Contest will be held on May 10 and 11 at the Birmingham National Garden Association which is sponsoring the contest. The contest has already been held in the spring and fall divisions of the contest. The contest will be held in the tulip season, Mrs. M. H. Barber, chairman of the contest, will have in charge the contest. The contest will be held in the tulip season, Mrs. M. H. Barber, chairman of the contest, will have in charge the contest. Rain Blocks City Roads Causing Heavy Damage

The heaviest rain in the memory of many of the oldest residents of the city last Sunday night and early Monday morning left Birmingham almost entirely submerged. The rain caused the bridges overflowing, basements flooded and hundreds of dollars of damage caused.

East Maple Avenue at the Grand

A. Clark, Mrs. Jules Agronome, and Mrs. F. H. McKinney.

Among the judges appointed by Mrs. Moore to determine the prize winners in other divisions of the contest are C. O. Harbin, Robert Essig, Mrs. L. M. Baker, J. J. Corryell and Clifford J. Ranney. Mr. Ranney will serve as chairman of the vegetable garden judges. Other judges to complete the committee will be appointed later.

Meanwhile, considerable enthusiasm is being developed around the children's division of the contest and the five neighborhood playground gardens which have been established to facilitate the exchange of garden plants and ideas between entrants in the contest and other garden lovers.

Entrants in the children's division are to work on both vegetable and flower gardens. The women who are in charge of the exchange gardens will also serve as judges of the children's contest, according to Mrs. William McCullum, chairman of the two projects.

Prizes in the children's contest will be awarded on the basis of a point system. Points will be scored for arrangement of flowers or vegetables, quality of foliage and freedom from disease, number of varieties, neatness, and individual effort in overcoming obstacles.

Car Submerged

Three automobiles caught in the flood under the viaduct on East Maple. Two of them were pulled out by the truck and motorist, became completely submerged and were not extricated until early Tuesday morning. The water for more than 24 hours.

The driver and a young woman companion were carried to safety by Sergeant William Brown immediately after the automobile was submerged. The occupants of the other cars had to be carried through the pipes.

The passenger tunnel leading under the tracks at the Grand Trunk station was filled with water from the tracks, elevator and oil burner motor. The water drenched in the boiler room, and the four feet of water in the freight department.

The water in these places was pumped out by Birmingham firemen, who worked for hours after being called at 3:30 A. M. Monday. Since the passing of the water was impassable most of Monday, north-bound trains had to be sidetracked and east-bound freight platforms to allow passengers to get a lift.

If your purse is lean (and whose purse isn't?) we have FRONT-PAGE NEWS for YOU!

The new 1933 GOODYEAR PATHFINDER \$4.65

It's news when anyone builds a better tire for the price than the 17 million Pathfinders which have already made a great name for itself.

It's double news when anyone can give more safety, more style, more mileage than Pathfinders ever gave before, and at a lower price!

But that's exactly what Goodyear has done in the new 1933 Pathfinder—a tire that's certainly built and priced in tune with the times.

It will pay you to look it over, because you'll see for yourself that it has more actual quality than many top priced tires of other makes—and it certainly gives more for your money than any tire selling for less.
