## We Are Grateful For Your Response

Thanksgiving Day is here! We are happy to think that within a few short months the response to our messages over the signature of the Retail Merchants Association should meet with such heartfelt and general response. We pledge ourselves anew to deserve your confidence, to merit your patronage and to hold your friendship. We have been helped by your many suggestions and constructive criticism.

The members of this association extend their best wishes for a year of happiness to every home in this trading area on Thanksgiving Day.
