## New State Movement

New State Movement
On October 14, in the city of Lapeer, Michigan, a
group of sincere and conscientious Michigan men and
women gathered together in the start of a mayement to help their State through some of its troubles.
This group has banded together under the name of
"Citizens Committee," and its secretary is B. A.
Hahn, of Lansing, It issues an "appeal" as follows:
"We here offer to the people of the State of Michigan not a programme, but a declaration of faith in
fundamental values. We call them to a rededication
to the principles, the aims and the hopes of democracy. We summon them to rescue their government
from the hands of hucksters and gamblers, and to
re-assume control of their own choosing. And this
we do, in humble relaince upon the wisdom and
guidance of Almighty God."
