

SERVICES HELD FOR C. E. DEWAR

Old Resident Was Brother Of English Nobles

In failing health for a year, during the last month of which he was confined to bed, Charles Edward Dewar, a resident of Birmingham since 1924, died last Thursday at his home, 879 West Maple avenue. He was 80 years old.

Funeral services were held from the residence at 2:30 P. M. Saturday, with burial in Woodlawn Cemetery. The Rev. Warner L. Forsyth, rector of St. James Episcopal Church, officiated.

Mr. Dewar was born in Kent

England, the son of the late James Robert Dalton Dewar, a major in the English army, and of Georgiana Rolton Dewar. He was the brother of the late Lady Glynn, the former Ellen Dewar, of Ramsgate, Kent, whose husband the late Lord Glynn, was knighted by Queen Victoria for his services as a major in the English army.

Mr. Dewar had lived in Michigan for 60 years, coming to Detroit as a child. He was a graduate of McGill University, Montreal, and was employed in Detroit as a dry goods salesman before his retirement 19 years ago.

Surviving are three daughters, Ada and Maude Dewar, both at home, and Mrs. Gertrude Dewar Cavan of Detroit.

CUTS IN LIGHTS BRING PROTEST

Parry Suggests Public Hearing To Agree On Readjustments

Possibility of calling a public hearing to determine on the spinning out of individual lights, but suggested that further readjustments be made as a group to bring about a saving of 50 per cent of its budgeted light bill of \$12,000 for this year.

The Commission took no action except to receive the report and place it on file. Even this was opposed by Commissioners J. Harry McBride and A. J. Brandt. Mr. Brandt said he believed that no rearrangement would be satisfactory to everyone, and suggested the possibility of turning out lights in sections where taxes are delinquent and restoring lights in other sections. The suggestion was dropped when Mr. Parry pointed out that the delinquencies might be in sections where lights were most needed for public safety. The report to the Commission follows:

"Many complaints have been received protesting the turning off of street lights. While most of the complainants admit the general principle of saving money at expense, they maintain that the saving should be made 'somewhere else' than on the particular light in which they are interested. All reasons and arguments for reinstating the light seem to me to be equally valid.

"No formal record of complaints has been kept, but inasmuch as memory serves:

"Cedar and Lincoln; Cummings and Bird; Eion and Chestnut; Wimbleson and Adams; Kennesaw and Poppleton; Vinewood and Adams; Lakewood and Baldwin; Frank and Southfield; Maple and Henrietta; Holland and Torrey; Shirley; Irvington.

"Favoritism.

"It is difficult to reinstate any lights without being open to the charge of favoritism. I am unable to see how the city can pay over 50 per cent of its budgeted light bill of \$12,000 and perhaps additional lights should be turned out to bring the bill down to our 'ability to pay.' At the same time, turning off lights amounts to a violation of contract and it is only by surfeiture of the Edison Company that our budget item has been reduced from \$28,000 to \$12,000.

"If the City Commission is inclined in an effort to readjust by turning different lights off and reinstating others, I would suggest that it be done at one time for a group in order that it may simplify the work of the Edison Company. This might be accomplished by selecting the ones to be discontinued and the ones to be reinstated and holding a public hearing on the subject."

Vegetable Market Opened By Pioneers

First fruits of the co-operative farming enterprise being conducted by the Birmingham Pioneers, an organization of city welfare dependents, are being realized at a market the group has opened at the corner of Woodward and Brown streets. Surplus vegetables and other produce raised by the organization is offered for sale on the open market.

Proceeds from the enterprise are to be distributed among the members in proportion to the amount of work each puts in on the Pioneer farms. According to City Manager James W. Parry, who was given control of the organization in a resolution adopted recently by the group, about 25 men are now actively engaged in the enterprise.

ELECTRIC

HOT WATER SERVICE

THE COST IS LOW Because it is so efficient

An electric hot water heater is almost 100 per cent efficient. There is practically no heat loss. Built like a thermos bottle, its thoroughly insulated walls keep the heat inside and assure an abundance of hot water when you want it.

A 60-gallon electric water heater costs \$4 a month (net) to operate. This is ample hot water for a family of two to four people. But that's only half the story!

(1) An electric water heater is completely automatic. It needs no attention whatever. Once you have installed it, you can forget your water heating worries. Day and night, summer and winter, year in and year out.

AS LITTLE AS \$10 FIRST PAYMENT (balance in convenient monthly payments) places an electric water heater in your home.
