"Scotch Week" In Wall Street
Powerful Lobbies At Work
Trying To Get Congress To Quit

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, April 12.—A friend sends this interesting "directly from Wall Street":

"The 'Scotch week' has been employed by three large financial houses. Under this system, employees are obliged to take one week of without pay every month.

"Wall Street sentiment is that the present stock exchange bill never will get out of the Senate conference committee in its present form. Also, Wall Street believes that the National Securities Act will be replaced by a less stringent regulation in the next session of Congress."

YOUTH TO GET JOBS COUNSEL

Free Vocational Guidance To Be Offered At Meeting Here Monday

A meeting of all Birmingham young people between the ages of 15 and 21, who are interested in securing free vocational guidance, will be held in the Community House at 8 P. M. Monday.

The meeting has been called by the newly organized Birmingham Community Council for Guidance, composed of representatives of about 20 civic, church, school and fraternal organizations.

The purpose of the Council is not to secure jobs for unemployed youth, but to aid them in obtaining information which may be valuable in helping them determine to what business or profession they are best adapted, and what special qualities and training they would need.

The Council has addressed more than 60 invitations to young men and women in the community to attend Monday's meeting. They were sent to persons whom members of the Council knew or believed were in search of counsel and guidance along occupational lines. All other persons between the ages of 15 and 21 are also welcome to attend.

Officers of the Council are G. A. Ziegler, president; Robert D. Lynd, vice-president; and Mrs. R. H. Mann, secretary. The meeting will be addressed briefly by Dr. Robert Foster of the Merrill-Palmer School, Detroit.

The attendants will be asked to fill out questionnaires, indicating the occupations in which they are interested. These cards will then be studied, and if there appears to be sufficient demand for the Council to proceed with the project, the signers will be divided into groups to correspond with the different subjects in which they have expressed an interest.

The smaller groups will be called together at later dates, and placed in charge of occupational counselors enlisted from the ranks of Birmingham business and professional workers, who will be available for group discussions and individual interviews.

Non-Denominational Services Are Begun

A series of Sunday evening non-sectarian religious services was begun last Sunday in one of the rooms of Fierce School, under the leadership of the Rev. Asa Richardson, formerly of Hazel Park.

The Board of Education last Thursday night granted Mr. Richardson temporary permission to use the building, pending a decision of the full Board. Two of the members were absent.

Mr. Richardson told the Board he intended to build a permanent quarters as soon as the size of his congregation warranted. While they are being held at Fierce School, the services begin each Sunday at 7:30 P. M. and are open to the entire community.
