NuREXFORM The Improved Arsenate of Lead

Remains in Suspension
Mixes Readily with Lime Sulphur
Won't Clog Screens or Nozzles

NuREXFORM is a more effective control for Codling Moth. For a better pack of fancy apples, use NuREXFORM—the Improved Arsenate of Lead—in your orchard.

KOPPERS FLOTATION SULPHUR has been added to our line of Spray Products. It is the safe, sure and efficient fungicide—with better adherence—does not mar or blotch fruit—sprays easily—and gives finer finish.

What The Women Think About It

Each week, The Eccentric asks several women, chosen at random from the telephone book, to answer a question of general interest in Birmingham.

The question this week: What do you think of the McLeod Bill, now before Congress, for the release of deposits in closed banks?

Mrs. Robert Watt, 364 Hanna street: "I am highly in favor of it."
Mrs. Thomas Carey, Wing Lake road: "It would be a splendid thing if it could be passed. It would not only help the depositor but the man who is in business as well. I certainly think the Federal Reserve banks should pay back all they can."

Miss Elizabeth Graves, 692 West Lincoln avenue: "The distribution of funds through the banks would reach people who are truly deserving, the people who, in better days, were thrifty and put some money aside when they had it. If the Government can afford to spend money along other avenues, it should be able to appropriate money for bank relief."

Mrs. John R. Heber, 350 Willets street: "There shouldn't be much controversy on the subject, for I should think that everyone would like to see the McLeod Bill go through. I think it is a grand idea. The depositors should get their money back."

Mrs. C. C. Parks, 555 Merrill street: "I don't know of anything that would help the country more than a pay-off."
Mrs. David Roy, 231 Brown street: "I am very much in favor of the bill."

Mrs. James Rule, 855 Madison avenue: "I would like to see the McLeod Bill go through."
Mrs. R. Russell, 1027 Forest avenue: "I am in favor of anything that will help the small depositor."

Miss Emily Larsen, 652 Ann street: "I certainly think the McLeod Bill should go through. If the depositors could get their money they would go out and spend it, take much-needed vacations and stimulate business in general."

Mrs. Henry M. Foley, 888 Madison avenue: "I think this bill has all the elements of a political football. Of course, on the one hand, there are people who have lost their money and who would like to be repaid, but, on the other hand, there is involved a basic principle of Government responsibility. There have always been bank failures and subsequent losses. But the idea of the Federal Government assuming those losses is a new one to me. Many people have lost their money in railroad securities. They might say that since the Interstate Commerce Commission is set up to supervise freight rates, the Government is responsible for losses incurred by investors in railroad bonds. To me, this is a wrong theory of Government responsibility."

Mrs. J. W. Millman, 883 Knox street: "I am in favor of a pay-off up to \$2500. There is much to be said on both sides of the question."

Approximately 15 young people, desirous of obtaining information to guide them in the choice of their life's occupation, attended a meeting in the Community House Monday evening, called by the Birmingham Community Council for Guidance.

Young People Apply For Vocational Aid

15 Attend Meeting Sponsored by New Community Council For Guidance

The Council will meet next Wednesday to study data contained in questionnaires. The young people were asked to fill out regarding their vocational interests. The Council will then probably proceed immediately to arrange interviews between the young people and local business and professional men and women qualified to answer their questions and give them occupational advice.

The group was addressed Monday by Dr. Robert Foster, of the Merrill-Palmer School, Detroit. Although the attendance was smaller than had been expected, interest on the part of those who did attend appeared to be deeply sincere.

Occupations in which an interest was expressed on the questionnaires included those of trained nurse, stenographer, librarian, lawyer, physician, business administrator and others.
G. A. Ziegler is president of the Council for Guidance, which was organized several weeks ago and is composed of representatives of a score of local clubs and organizations. Young people between the ages of 15 and 21 who were unable to attend the meeting and who desire to fill out a questionnaire, may secure one at the Community House from Robert D. Lynd, secretary of the Council.

CHURCH SCHOOL PLANS PRESENTATION SERVICE

The annual Lenten presentation service for members of the Church School and their friends will be held Sunday morning at Christ Church Cranbrook. The service will begin with a procession of choirs about the church, followed by a simple pageant in which boys and girls dressed to represent nations served by the missionaries of the Christian Church will take part.

In the course of the pageant, other boys and girls will carry their mite boxes to the costumed children, who in turn will present them at the altar. The speaker at this service will be the Rev. William M. Danner of the American Mission to Lepers.
