Cranbrook, D. U. S. Net Teams In Tie

The Cranbrook School tennis team opened its 1934 season Thursday at Cranbrook by playing a tie match with Detroit University School, 2 to 2. Jim Talman had a share in both Cranbrook victories. He defeated Cannel of D. U. S. in the Cranes only singles win by scores of 6-2, 6-2, and teamed with Jack Metzger to win the only doubles match, 6-3, 6-2. From Simmons and McLain, McLain won over Dick MacDonald of Cranbrook in one of the three singles matches, 6-1, 6-2, and Simmons defeated Metzger in the other, 6-2, 2-6, 6-4.

JUNIOR HIGH SCHOOL NOTES

For several weeks, Miss Helen Hammond, instructor in girl physical education at Baldwin High School, has been questioning ninth grade students as to their interests, special abilities and life plans. Information valuable for guidance has been compiled, which will be kept on file for future reference. There are about 80 students in the grade.

A program devoted to health and physical education will be presented by junior high students at Baldwin at 1:15 P. M. today. The affair is in charge of Franklin Whitney and the Miss Helen Hammond, physical education instructor.

In both Barnum and Adams Junior High Schools, assemblies were presented by divisions of the school Dramatic Clubs recently. At Adams, a playlet entitled "Do You Believe in Luck?" was presented, with Doris Bricker, Frances Flynn, Harry Weaver, Frances Stanley, Sam Bruni, Betty Sippel, Philip McCallough, Beatrice Collins, Estelle Dutton, Lois Collins, Eustace Vynn and Arthur Foley taking part. The Barnum play depicted a school newspaper trying to select the most political boy in school.

The Home Economics Group of Adams Junior High School is in charge of the school's next assembly, which will be held Friday at 1:15 P. M. Miss Eleanor Miller is in charge.

MAPLES WIN GOLF OPENER

Defeat Ferndale, 8 to 4, In Wind And Rain At Birmingham

With a strong gale of wind, which contained intermittent showers of snow, hail and rain, to both help and hamper them, the Baldwin High School golf team drove its way to victory in its first match of the season Tuesday afternoon on the Birmingham Golf Club links by downing Lincoln High School of Ferndale, 8 to 4.

The team, the first that has represented Baldwin since 1920 when the sport was abandoned because of financial conditions, had little opportunity to practice prior to its first meet, and as a result, it is quite probable some changes will be made in the lineup in future meets. The four boys who played for Baldwin Tuesday were Fred Schwarz, Bill Smith, Carl Good and Don Porteous. About 10 other boys are trying out for the squad.

The players went around in twos. One point was awarded for the winning of the first nine holes, another for winning the second nine, and a third for the winning of the entire 18. Schwarz was the only player who won three points. He was also low man for the match with an 82. His opponent, Stan Blecker, shot a 95.

Smith, Baldwin's number two man, was second high scorer with 2 1/2 points. Hank MacIntosh, opponent, halved the first nine with the Baldwin golfer. Good scored two points when he won the second nine, and the 8 over Jack Rogers of Lincoln. Don Taylor was the only Ferndale man who lettered his opponent. He did so by winning the first nine and the 18, and halving the second nine with Porteous.

Although a definite date has not yet been set, the Baldwin team expects to meet Pontiac High School next week. The Maples will probably play Pontiac two matches, one in Pontiac and the other on their home course. Except for the schedule follows:

- May 2—Mt. Clemens at Mt. Clemens.
- May 7—Wayne at Wayne.
- May 9—Mt. Clemens at Birmingham.
- May 15—Ferndale at Ferndale.
- May 21—Wayne at Birmingham.

May 26—Regional matches. June 2—State matches. Birmingham has not yet been notified of the place, where the regional and state matches will be held.

The scores for Tuesday's matches follow:

Player	Score	Opponent	Score
Schwarz, Fern.	12	82	82
Smith, Fern.	11	80	84
MacIntosh, Fern.	13	12	85
Blecker, Fern.	15	16	95
Taylor, Fern.	16	17	92
Porteous, Fern.	19	15	91
Good, Baldwin	19	16	95
Rogers, Fern.	19	19	98

JUNIOR CLASS PLANS BENEFIT BRIDGE TEA

A bridge tea to be held at the Community House Friday, May 4, is being planned by the Junior class of Baldwin High School in an effort to raise money for the reception given annually by the junior for the senior class. A definite date for the reception has not been set.

RUTH LUSCOMBE 4TH IN GRADUATING CLASS

The name of Ruth Luscombe, one of the 95 Baldwin High School students who will receive diplomas at commencement exercises June 12, was inadvertently omitted from the list of honor students of the class as released last week. Miss Luscombe stands fourth in the class, according to Principal Melvin C. Hart, and the addition of her name increases the number of honor students from 19 to 11.

MIDLAND VISITED BY CHEMISTRY STUDENTS

Nearly 65 chemistry students, with their parents and instructor, Eugene Hubbard, made a field trip to Midland, Mich., Friday. The group started early in the morning and during the course of the day visited the Dow Chemical Company's plant and inspected its courthouse. At the latter place they viewed several interesting murals created by Paul Honore.

SCHOOLMASTERS' CLUB TO MEET IN ANN ARBOR

Melvin C. Hart, principal, and W. S. Toothacker, science teacher, will represent Baldwin High School at the annual meeting of the Michigan Schoolmasters' Club Friday in Ann Arbor.

Maple Trackmen Miss First Meet

Because of a misunderstanding in the starting time, Baldwin High School's track team failed to enter its first scheduled meet of the season last Saturday at Ferndale. The meet, scheduled as a triangular battle between the Maples, Pontiac and Ferndale, was originally billed to start at 1:30 P. M. A change in the time was made, however, and Birmingham was informed of it. The competition with Pontiac and Ferndale started at 9:30 A. M. and the trackmen missed the meet.

CRANES TO OPEN TRACK SCHEDULE

Enthusiasm For Sport Runs High As Date Of First Meet Approaches

The 1934 track season at Cranbrook School will open Saturday morning when the Cranes will meet the Muskegon Junior College tracksters at Cranbrook. It will be the first time the two schools have met in track.

Enthusiasm for track has been unusually great this year among Cranbrook students, and the possibilities for a successful season are strong. The sport enjoyed the most successful year in its history at Cranbrook in 1932, when the team won four out of six meets, but not even then was the spirit on the squad as excellent as it seems now.

Approximately 60 boys turned out at Coach Paul A. Thompson's first call three weeks ago, and nearly all still are candidates.

In addition to Captain Lynn Craig, there are seven letter-men on the squad, namely, Eddy, Lovett, Stranahan, McDonnell, E. Gilray, Berry, and Paton. Paton, an outstanding pole-vaulter performer last year, will be unable to compete, however, due to a knee injury received in football, and it is in this event that the Cranbrook team is weakest. The loss of Palmer Beaudette, high point man last year and the best weight man in Cranbrook's history, will also be felt, but Beaudette's brother, Bruce, shows considerable promise of filling Palmer's place.

Of the letter-men, Bob Gilray seems most likely to be the out-

standing member of the team, with a good chance of smashing the school record in the high hurdles, as well as starting in the weights and dashes. A large group of new candidates are also doing well, including Packard in the hurdles and weights, Mosher in the sprints, Anderson in the quarter mile, Hoffman in the hurdles and jumps.

Lippincott in the weights, and McKinley in the mile. The schedule this season is quite similar to that of 1933, with Howe Military School and Muskegon Junior College the only new opponents added. The hardest meets are expected to be those with Cleveland University School and Wayne University Freshmen.

WHAT IF THIS CORD BROKE IN YOUR TIRE?

only GOODYEAR combines Supertwist Cord safety with All-Weather grip

WHEN one tire outsells any other for nineteen successive years, it must be a better and safer tire and a greater value!

That's the undisputed record of the famous Goodyear All-Weather—and we can show you why.

One big reason is Supertwist Cord in every ply—extra resilience with longer-lasting strength—assuring greater safety from blowouts.

Another big reason is All-Weather traction—long-lasting grip centered where tread and road meet—assuring quicker stops and starts.

Let us demonstrate both these superiorities.

Buy no tire this Spring until you see how tires differ and why more people ride on Goodyear All-Weathers than on any other tire.

Let us show you this simple test of safety described on the center pages of The Saturday Evening Post, April 21, under title of "The cord that BROKE—and the cord that DIDN'T"

The public's FIRST-choice for 19 years GOODYEAR ALL-WEATHER PRICES START AT \$7.40 4.40-21

Look for this sign at the Orange and Black station on Woodward Avenue across from Ford Agency.

Going Down Town? You'll find an Arrow station at John R and Hubbard, or 2nd Ave. at Selden.

Hi-Test Anti-Knock ONLY 16 1/2c PER GALLON

You'll be ahead . . . both in pocket-book and motor performance if you fill your tank with Arrow gasoline!

Arrow gasoline is matched to modern high compression motors. It is always uniform and gives perfect results every time you buy it. Arrow gas is not "doped" or "pepped up" to make it start quickly. It is a straight run gas, refined from high grade Texas crudes. It is a natural, not artificial, anti-knock product. Contains no gum or wax to foul your motor.

Arrow prices are due wholly to our lower operating expenses. We are passing on these economies to you. Make any comparison you like . . . in power . . . mileage . . . all-round performance and we're confident you'll agree it's worthwhile to . . .

SAVE THE DIFFERENCE!
