### RESIGNS FROM COMMISSION

Asks That Vacancy Be Filled At Regular Election  
April 2

#### HAD 2 YEARS TO SERVE

Added importance had been attached to the coming city election today with the resignation Monday night of E. W. Osborne, local Ford distributor, as a member of the City Commission.

Formal action on the resignation was deferred, but there is believed to be little doubt that this job will be carried out and that the remaining members of the Commission will not fill the vacancy by appointment.

Three to Be Elected

These three commissioners instead of two will be chosen at the election, Mr. Osborne's term will run for two years. The other two members will be elected for terms of three years each. Those terms will expire this spring are Commissioners Lawrence Hulbert and Arthur J. Kane, both of whom were appointed to the commission last year during the past year. Petitions of candidates for the election must be filed by Saturday, Mar. 10.

Mr. Osborne was first elected to the commission in 1932 and was re-elected last year for a three-year term, running third in a list of 17 candidates. Called among his duties as a commissioner during the past few months has been a representative of Birmingham in the negotiations with Bloomfield Hills and Bloomfield Township over the division of the joint assets and liabilities of the three municipalities.

The Resignation

Mr. Osborne lives at 412 Pierce street. His resignation follows in full:

"I sincerely regret that I become unable to continue to serve as a member of the Birmingham City Commission. My business requires more of my time and effort than previously.

"I accept this resignation at this time so it may become effective prior to or coincident with the coming of the next election.

"I have enjoyed my work with the members of this and the preceding Commission and wish to thank my fellow members every success for the future.

# City Commissioner Resigns His Office

By Arnold E. W. Osborne

Encouraged by the success of the first "neighborhood family night" held Friday at Pierce School, officials in education program in Birmingham are laying plans for a similar event to be held at Adams School at 7:30 P. M. tomorrow.

More than 250 men, women and children attended the Pierce event, and a crowd of 100 or larger proportions is expected at Adams. Arrangements for the event are in charge of a neighborhood committee composed of Mr. Martin, Mr. and Mrs. Loren T. Robinson, Mr. and Mrs. J. B. Taylor, Mrs. Rose Smith, Mrs. Eric Hyde, Mrs. Leola Lynch and Manley Tyson.

The program will be similar to that at Pierce, with singing, games, dancing, stories, music, community singing and other features. There will be a neighborhood occupation and group games and other activities in the kindergarten and "mother's large room" on the first floor. The night will be an informal "mixing-games," followed by singing, a grand march, and social dancing.

Play leaders were Mrs. George P. Johnson, Ralph Schwarz and Ralph Waterman. Volunteer cooperation and group games are provided by Mrs. Elliott Corryell, Mrs. Doris Thompson and Mrs. Arthur J. Kane, Victor Oeden and Mrs. Fred Campbell. The next "neighborhood night" at Pierce School is scheduled for Feb. 25.

Enrollment in the adult education courses which are also being conducted at Adams and at the Birmingham FERA program is still growing, according to Mrs. William H. School, general chairman. The newest class to be added is one in current events, which will meet at the same time at Adams High School at 8 P. M. Tuesday. William C. Hale, 756 Henley drive, has volunteered his services as supervisor.

Mrs. McCallum announced yesterday that a concert by the Baldwin High School Band and Orchestra would be given in the high school auditorium Feb. 27, the proceeds of which will be used to buy additional equipment for the FERA program.

# SCHOOLS PLAN SEVERAL PROJECTS

Will File Application For Funds In Supplementary Program Today

### REMODELING INCLUDED

Applications for funds to finance several supplementary CWA projects for the Birmingham schools will be filed with the CWA Advisory Board in Pontiac today.

The projects, as explained by Superintendent Charles W. Cranfield, involve remodeling of rooms at Hill, Baldwin, and Adams Schools, acoustical treatment of the City Manager's office, construction of tennis courts at Hill, Quanton, Pierce and Barnum schools, and the purchase of 100 hours and amount of money required to complete the projects, providing they are approved.

The project date is about 75 per cent completed, and could have been finished by Feb. 15, the original date set for the close of the CWA program, Mr. Cranfield said. Now, however, the work will be completed by the end of the month.

The city, in its sewer and park development projects, has been more fortunate than has other cities. It has secured supplies and keep the work going continuously. Between 1,000 and 2,000 men are working on the projects, and the city has secured 7,500 additional man-hours.

The park project will have been about 52 per cent completed by the time Mr. Parry said. The severe weather conditions have hampered progress on the sewers. Only about 15 per cent of the actual laying of pipe will have been completed. Feb. 15, although 80 per cent of the pipe manufacture will have been finished.

"With the exception of the hostesses, Mrs. Wall, Mrs. Pyle said, "the house was directed by volunteer service until Sept. 1, and many of our workers are receiving no pay. Some have worked 10 to 12 hours a week, and a very willing one at that." Mrs. Pyle herself is not interested in receiving pay since last spring.

The Thrift Shop which, though closed for a year, has been reopened because of the increasing demand of those who wish to pay small sums for clothing rather than buy new. The shop is open (Turn to Page 2, No. 1)

# DEPOSITORS MUST UNITE

Main Declares Hope Of Relief Lies In Concerted Efforts

The following self-explanatory telegram was received Tuesday by The Eccentric from Frank L. Main, 614 Park street, Mr. Main, president of the Stran-Steel Corporation and a depositor in the First National Bank of Birmingham, in a business trip through the East. His telegram was dispatched from Washington, D. C.

"Your news story regarding Birmingham bank delays indicates very human desire of receiver to sustain his employment by not exceeding traditional speed limit in liquidation proceedings. Receiver has no alternative but to display hesitancy in working himself out of job. Depositors, however, are neglectful of interests in not organizing to aggressively take matters to Washington direct. Other banks are receiving relief because depositors are demanding it. Perhaps Birmingham bank has no interested depositors. Eccentric's only hope for existence is continued fierce recouping of local conditions."

Mr. J. J. Hanson, president of the Birmingham National Bank, successor to the First National, and Mr. J. J. James, executive vice-president, returned Wednesday morning from Washington, where they had conferences with both the comptroller of the currency and the deputy comptroller concerning affairs of the First National.

Mr. J. J. Hanson, in making any statement regarding the meetings, and no statement was forthcoming from Thad D. Seelye, the receiver.

# RECEIVE \$1,000,000 IN STATE AID

Check Arrives As Board Prepared To Warn Of Probable Closing

A check for \$1,000,000, part of the special \$15,000,000 state appropriation for school relief provided by the Legislature, was received yesterday by Birmingham school district, just in time to avert what threatened to be the most serious financial crisis in the history of the local schools.

The check, sufficient to operate the schools about a month, was received a few hours after the Board of Education, at a special meeting, addressed a letter to the State Department of Education, setting forth that unless relief was received almost immediately the schools would be forced to close early in March.

The School Board applied several weeks ago for a portion of the \$15,000,000 fund, and officials had hoped Birmingham would be included among the first districts to receive a grant.

Under the provisions by which the fund is expected to be allocated, \$15,000,000 in cash on hand is entitled to about \$25,000. If these provisions are carried out, Birmingham would be entitled to \$25,000. Therefore to be followed by additional payments later.

The only alternative to state relief is a means to prevent an early closing of the local schools would have an unexpected increase in tax receipts. The district's total levy of \$174,500, only \$45,192, or about 28 per cent, had been paid in Tuesday night, Mr. Randall said.

The School Board's budget is set up on a 100 per cent tax collection. \$15,738 remained in cash on hand, reduced to 75 per cent for a nine-month term providing \$25,000 in cash on hand for the state for operating expenses.

All but \$860 of the current school taxes collected has already been turned over to Mr. Randall by the various township and city treasurers, and Tuesday night only \$15,738 remained in cash on hand. Payrolls due teachers and other employees Feb. 15 and 16 total \$46,100, but the Board voted to pay only 60 per cent of these in cash and 40 per cent in scrip.

A total of \$16,158 in scrip was being circulated Tuesday night, including \$1,285 in Series A, which has been called in for cash redemption, \$3,885 in Series B, \$2,250 in Series C, and \$8,738 in Series D.

Burns Or Heart Attack May Have Caused Bloomfield Woman's Death

Funeral services were held in the garage after an absence of Jeanne Pennoyer, 49 years old, who was either burned to death or suffered a fatal heart attack during a fire at her home on East Square Lake road, 1 1/2 miles east of Woodward avenue, Monday afternoon.

Mrs. Pennoyer was dead when carried from the flaming structure by her husband, Edward R. Pennoyer, proprietor of the Diamond P. Rabbit Ranch, and his helper, Horace Lenaway, 21 years old.

Burns around her face, hips, legs and abdomen were severe enough to have caused death, physicians said, but she had a heart attack, which was the cause of a fatal attack when she discovered the fire or while she was attempting to extinguish it, it was disclosed at an autopsy in Pontiac Monday night.

Mrs. Pennoyer was first discovered by Lenaway when he and Pennoyer returned from unloading a truck in the garage after an absence of about two hours. Smoke rolled past the kitchen door as he opened it to enter the house, and he rushed into the living room to find Mrs. Pennoyer lying face downward on the floor, her clothing near the door. Her husband, Edward R. Pennoyer, was called to the house, and he found about \$500 damage to the living room, attic and roof, according to Jack E. Wilson, township highway commissioner.

The cause of the fire is still undetermined. It may have started from a short circuit in the wiring, or from a cigaret which Mrs. Pennoyer may have been smoking in an arm chair which was enveloped in flames when the two men entered the room.

The Pennoyers have one daughter, Bertha, 15 years old, who was attending class at the Hickory Grove school at the time of the fire. The family has lived in Bloomfield Township about a year, coming from Troy, Mich.
