Roof of Tavern Damaged By Fire

For the third time in the past few months, Birmingham firemen Saturday morning were forced to turn in a general alarm and call out volunteers, when a second fire call was received while firemen were already out on a previous call.

While extinguishing a grass fire at 431 Westchesterway, firemen received a call to the Birmingham Tavern, 1189 North Woodward avenue, where sparks from the chimney had ignited the roof. The fire had evidently burned for some time before it was discovered, and a large hole was burned in the center of the roof. Fire Chief Vernon W. Griffith estimates the damage at \$50. The tavern is operated by Mrs. Anna Lafona. No damage was caused by the grass fire.

DRUNK DRIVER FINED IN BLOOMFIELD HILLS

Augustus O'Dell of Bloomfield Hills on a charge of drunk driving. Scott is employed by a tire manufacturing company in Detroit. He paid the fine in lieu of serving 45 days in jail.

"In the Universe, including Man, God, and the Cosmos" was the subject of the Lesson-Sermon in all Christian Churches throughout the world on Sunday, June 24.
Among the churches which gave this passage (Amos 4:13): "For, lo, he that formeth the mountains, and createth the wind, and decketh out the main what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, the Lord, the God of hosts, is his name."

Chloroform and treadeth upon the high places of the earth, the Lord, the God of hosts, is his name."
The new course, read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following: "Let us first avoid anything that will tend to make us feel unwell. Material and afterwards most other things to which we are so prone to add nothingness. Inspired thought relinquishes a material, sensual, and material theory of the universe, and adopts the spiritual and immortal."

COUNTY SEEKS AID IN MILK SHORTAGE

Supervisors Ask National Food Administration To Order Drought Survey Here

The Oakland County Board of Supervisors, fearing a serious shortage of milk, due to the fact that the continued drought may necessitate the sale of dairy cattle in Oakland County, unanimously adopted a resolution Monday asking an immediate federal survey of the situation.

The resolution, offered by Supervisor Joseph A. Long, of Commerce, reads:

"Whereas, Oakland County has had practically no water fall this spring and whereas the farmers are facing a calamity by reason of such insufficient water fall which has caused a serious drought almost reaching calamity proportions by reason of all hay, oats, rye, and wheat crops being practically failures and pastures being completely dried up;

"And, whereas, the farmers of Oakland County are large producers of milk for the Detroit metropolitan area, which supply is greatly threatened in this area by reason of such drought;

"Therefore, be it resolved that this Board of Supervisors ask the Hon. Herbert L. Hopkins, national food administrator, to send a representative to this county at once to make a survey of such conditions and to take such measures as he may think necessary to meet this emergency."

Supervisor Long explained the resolution further.

"There is practically no hay in the western and northern parts of the county," he said. "The dairy farmers may have to dispose of their stock. The Government has a large supply of corn and it might be possible that some of this corn could be sent here and sold at cost with a lower freight rate."

The Executive endeavors to reflect the best phases of the community it serves. But when it is necessary to publish unpleasant facts that others bring upon themselves it does so in a constructive and helpful manner as possible. We seek to present truthful, helpful journalism. adv.-tr
