P. T. A. TO DISCUSS CHILD PROBLEMS

Questions Relating To Home And School To Be Considered In Group Conferences

"Under what circumstances should a child be given money to spend in the form of an allowance?" "Should homework be given by teachers?" "Should report cards be abolished?" and "Should a child be permitted to skip grades, and how often?" are among the problems to be considered in a group of conferences when the P. T. A. Parent-Teacher Association meets at the school at 3:30 P. M. today.

The program will also include the annual election of officers, informal tea and social hour.

Other questions to be considered in the group conferences are how parents and teachers may cooperate to help the "only child" to make social adjustments, and how parents may further wholesome friendships between boys and girls. The conferences will be conducted by Mrs. Charles T. Beals, chairman of the program committee. Those interested in each question will gather in volunteer groups with a leader to be appointed by Mrs. Beals. At the close of the conferences, the findings of the various groups will be presented by the leaders. The program will include vocal solos by Mrs. T. Melbourne Roberts, Mrs. J. L. Thornberry will have charge of the tea and social hour.

At the annual luncheon, which preceded the election, red, white and blue decorations added a gay and patriotic note to the menu, luncheon where the luncheon was served. On the speakers' table, a large white China bowl filled with red tulips, white snapdragons and blue iris, adorned the center, while on the other tables were smaller bowls in which red, white and blue
