THIS ANGEL FOOD CAKE JUST CAME OUT OF AN ELECTRIC OVEN

... you can bake one just like it in your own kitchen with one of these

TRIAL ELECTRIC RANGES

In Angel Food Cake especially, the VITAL POINT—to achieve desired results—is proper baking. The cake shown above... temptingly light and fine-textured... is an excellent example of what can be done in an electric oven. Fluffy tenderness and fine texture are combined in this most difficult of all cakes. And whether you bake one cake or a dozen, an electric oven assures uniformly successful results time after time. No longer is cake-making a hit-or-miss proposition; Electric baking ends guesswork.

You simply set the dial for the proper temperature, and the electric oven does the rest.

★ We want you to try electric baking in your own kitchen. We want you to enjoy electric cooking without making any investment or being under any obligation. So we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Since this trial plan was begun a short time ago, over 1500 of our customers have taken advantage of the offer. Send in your application for a trial range today!
