NON-PARTISAN COURTS ASKED

Movement To Divorce Judgeships From Party Politics Begun

Oakland County is to be canvassed, within the next few days, to obtain this district's share of the required 166,000 signatures on a petition asking that the election of supreme court justices and circuit and probate judges be separated from partisan politics. The work is a part of the movement launched by the Non-partisan Judiciary Committee of Michigan, which seeks to obtain an amendment to the State Constitution providing for a non-partisan ballot for the judiciary.

Among the Oakland County residents who will engage in the solicitation are Dr. Frederick A. Baker, Geo. H. Kimball, Sr., the Rev. John F. Stearns, John Thomas, Jr., and Henry J. Loper of Pontiac; George R. Averill and Melvin C. Hart, Birmingham; Theodore MacManus and W. G. Lerchen, Bloomfield Hills; A. L. Cook and Harlow O. Tubbs, Rochester; Loren Bow, Orchard Lake; Andrew Bird Glaspie, Oxford; C. R. Bradshaw, Ross H. Smith and Alfred W. Wittanen, Ferndale, and Alfred H. Uston, Royal Oak. Men and women of all parties, who are sympathetic with the proposal, are being invited to take part in the drive.

More than 100,000 citizens already have signed the petitions and 65 counties are thus far represented in the membership of the temporary state committee. It is planned to have signatures from each of the 83 counties in Michigan when the petitions are filed with the secretary of state July 1. With that official's acceptance of the petitions, the proposed amendment goes on the ballot for the November election.

Change in the selection of the judiciary long has been advocated in Michigan, with some citizens asking for an even more radical action. The Non-Partisan Committee deemed it advisable to propose a moderate change, which they feel sure will be given the approval of the voters in November. With this amendment adopted, they say, the way will be paved for future progressive improvements in the matter of selection of judges and their tenure of office.

Local leaders are confident that they will experience little difficulty in obtaining Oakland County's quota of the required number of signatures. The proposed amendment, they say, is popular with citizens of all walks of life, and is generally hailed as a progressive step in government.

The offices of supreme court justices, and circuit and probate judges are too important, they declare, and too dignified, to be sought through the stress and chaos of partisan politics. It is more important, their contention is, to choose the man for his experience, ability and fitness rather than for his loyalty to a party standard or for his ability to garner votes in an inter-party struggle.

Among the Bible citations was this passage (Rom. 12:1): "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."
Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 511): "So long as we believe that soul can sin or that immortal Soul is in mortal body, we can never understand the Science of being. When humanity does understand this Science, it will become the law of Life to man,—even the higher law of Soul, which prevails over material sense through harmony and immortality."
