

It is very necessary, and quite all right, to look forward to the Sunday dinner with keen appetite and anticipatory delight. We need food to keep alive, to grow. But how fine it is, too, to look forward to the idealism of Sunday, and what it means to our intellectual and spiritual growth.

GAS STATION HOLDUP FAILS

Attendant Dodges Behind Bandits' Car, and Shot Goes Wild

Birmingham's first attempted gasoline station holdup in more than three years was frustrated Friday night when the attendant dodged behind the bandits' car in attempt of throwing up his hands, and a bullet fired at him went wild.

The attendant, Thomas Kaiser, 1059 Princeton avenue, Berkeley, was working in the station on Woodward avenue just north of Fourteen Mile road when three young men drove in in a new sedan at about 10:30 P. M.

Two of the men were seated in front and the third in the rear. They asked for five gallons of gasoline. After Kaiser had pumped it out and advanced to the car to collect his pay, the man in the rear seat confronted him with a blue steel revolver and demanded him to turn over to the car's receipts.

Instead, Kaiser jumped behind the car. The thug fired one shot, the car sped west on Fourteen Mile road. The fact that another car had driven into the station just as the attempted holdup had begun is believed to have frightened the bandits away. They were pursued for several miles by the Birmingham Police, John P. Hackett and Patrolman Robert Appell in separate cars, but no trace of their auto could be found.

Kaiser said the two men in front were dressed in black suits and wore caps. The gunman in the rear was hatless and wore a blue work shirt. They drove into the station from the south on Woodward avenue and turned around so that they were headed southwest before asking for the gasoline.

Allied Youth Post Picks New Officers

Carolyn Beltrami, 231 North Woodley avenue, was elected chairman of the Birmingham post of the Allied Youth at the annual organization meeting Friday evening. The election was held at the home of Mrs. C. A. Newcomb, Jr., in Bloomfield Hills, to where the members adjourned following a picnic supper at Bloomfield Park.

Miss Beltrami succeeds Jack Carman, who has headed the local post during the past year. David Curry was chosen vice-chairman; Lillian Walton, secretary; and Bill Hovington, treasurer. The new officers will be installed at a public meeting June 8 at the Community House. At that time also a debate will be held on the question, "Resolved: That conditions now are more satisfactory than they were before repeal," Jack Carman will uphold the affirmative and Merritt Olson the negative.

GIRLS EXCEL IN CLASS STUDIES

Boys Far in Minority on Latest Baldwin High Honor Roll

The old adage that girls are better students than boys is strongly borne out in the Baldwin Senior High School honor roll for the fourth marking period ending May 17. From only one class are there many boys on the roll as girls. From the sophomore class, 10 boys and 10 girls are listed, but from the junior class only two boys are named, while 14 girls are credited with marks of "B" or better. The senior class has 8 honor students, 12 being girls and six boys. A total of 54 students from the three classes are named on the roll. JURY CONVICTS WOMAN DRIVER

Waitress Whose Car Overturned Fined \$100 After Trial

Found guilty of drunk driving by a six-member jury at a trial Friday afternoon, Mrs. E. R. Kelly, 21-year-old waitress, of 1530 Seward avenue, Detroit, was fined \$100 by Justice Forbes S. Haswell in Municipal Court Saturday morning.

Mrs. Theodore Carpenter, 21 of Route 5, Lapeer, who was riding with Mrs. Kelly when her car overturned on Woodward avenue at Quaton road May 16, indicated she would plead guilty to a charge of being drunk.

Both women had pleaded not guilty following their arrest. Mrs. Carpenter's trial was to have followed that of Mrs. Kelly, but it was postponed one week, and will be held tomorrow if she does not plead guilty. The two women are sisters-in-law.

Attorneys for Mrs. Kelly were unsuccessful in their attempts to prove there was no conclusive evidence that Mrs. Kelly was drunk or that she was the driver of the car.

RURAL ROUTES TO BE MERGED

2 Carriers Instead Of 3 To Serve Territory After June 1

Elimination of one rural mail route from the Birmingham post-office, and extension of the other two to take in the territory it covers will become effective tomorrow, June 1, it has been announced by Postmaster Joseph A. Byrne.

The changes were recommended by a postal inspector after a survey made about three months ago. They will involve the retirement of one of the routes, and the extension of the other two, with a net saving of \$440 to the postoffice.

George Wood, one of the carriers retired about five months ago on a 15-year disability pension. George H. Johnson, who has replaced him temporarily, will be dropped when the change becomes effective and will not be replaced. The salary for this route has been \$2,040 per year. Under the new system, Route 1 will include all the rural territory west of Birmingham, from the street of Woodward avenue. Cleon C. Hoover, the carrier, will cover \$2,550, and his salary will be raised from \$2,650 to \$2,850.

Route 2 serving all rural territory east of Woodward avenue will be increased from 49 to 67. The salary of the carrier, Joseph A. Parks, will be raised from \$2,550 to \$3,090.

The Basis of Bank Credit

"Credit is a very sensitive thing. It responds to the smallest influences and is helped or injured by the most trivial happenings."
W. H. K.

The above statement by a well known writer on banking and economic subjects reflects the attitude of the experienced banker with reference to loans. He looks beyond the financial statement of the applicant and is influenced by other considerations, less tangible, but no less important. A record of business ability, judgment, and promptness in meeting obligations has a value that cannot be over-estimated.
