COUNTY WELFARE WANTS DEER HIDES

Oakland County hunters starting out on their annual quest for deer have been asked by the Michigan Department of Conservation, through S. S. Skilton, county relief administrator, to save their deer hides for welfare purposes.

"We will have plenty of use for the hides," Mr. Skilton said. "The local group of unemployed men will use them to make them into usable garments."

If hunters will notify Mr. Skilton's office in Pontiac, either by letter or phone, as to where their deer hides are available, a truck will call for and pick them up, the administrator said.

FERA SCHOOL ADDS COURSE IN WRITING

Dorothea York To Teach Class In Creative Technique; First Meeting Tonight

A course in the technique of modern creative writing has been added to the curriculum of the local FERA adult education program, according to Robert D. Lynn, administrative director, who said the class would hold its first meeting at 7 o'clock tonight in Room 1 of Baldwin High School, when the members will decide on a regular time and place for meeting.

The class will be taught by Miss Dorothea York of Royal Oak, who has published two books and some verse, and has delivered lectures before such organizations as the Women's College Club and the Over-the-Hill Women. She is at present preparing a book for kindergarten in collaboration with Frances Locher, a specialist in writing for the preschool and kindergarten child. The course will include instruction in fiction writing, journalism, dramatic productions, writing for television, verse and song lyrics, advertising, criticism and review, travel journals, greeting cards, and other subjects. Each class session will consist of a short, informal lecture, followed by questions, general discussion and illustrations from current literature.

The class is to be arranged for the convenience of the students and either afternoon or evening, and either once or twice a week. If there is sufficient interest in the subject, a course in letter writing, both business and social, will

Mrs. George Hendrie handled perfectly the job of organizing and steering the delegation which went to talk to Senator Couzens Friday morning about the State munitions investigation. It was good to see the Senator give J. B. Beach such a cordial personal welcome. Loren Robinson told the Theater Arts Guild of Pontiac all about the history and growth of the Village Players one night last week. Paul McPherson, the marionette man, is scheduled to address the Guild at a future meeting.
