Righting Some Wrongs
There are many wrongs out in our busy world, many of which are revealed to your newspaper editor. Not all of the wrongs are known to him, but many are. These wrongs might be righted—in some degree, at least—if those who "reveal" would allow themselves to be quoted. But generally if those who "know" or "have heard this or that," or "believe it to be so" "have heard this or that," or "believe it to be so" would assume their full civic duty by co-operating with the editor in bringing the wrong to light, more justice would be meted out, and society in general would be improved. But altogether too much of these real or imagined evils are thrown into the editor's lap without substantiating evidence, and get nowhere. Seen a court refuses to accept as evidence anything that is not provable, and newspapers can hardly do more.

Toy Stands For Real Decency

Toy Stands For Real Decency
Within the hands of Michigan's attorney-general,
whoever he may be from time to time, rest most of
the security of our citizens against outlawry and indecency. Whenever you observe wide-spread gambling, such as Macomb County has harbored for years;
whenever you learn of underworld characters making tremendous sums of money by bootlegging (and
there is mugh of this yet with but;) whenever you come
into contact with loose government supervision of
law and order, right there you may be sure that the
sworn preserver of the law in that vicinity is away on
some kind of wactsion.

Your next attorney-general for Michigan ought to
be a decent, clean, able, and fearless man. He ought
to have established a record thus far in his public or
private service that would make Dame Justice point
proudly to him. Michigan's next attorney-general
ought to be fere from entangling alliances of any kind
that would embarrass him or cause him to hesitate in
the strict and impersonal enforcement of his high
office.

That is why, Friends, this newspaper is glad to ad-

the strict and impersonal enforcement of his high office.

That is why, Friends, this newspaper is glad to advance the character and qualifications of Harry S. Toy, of Wayne County, who is the Republican Parry's candidate for attorney-general on November 6. Mr. Toy is so far shead of the resent attorney-general, Toy is so far shead of the resent attorney-general, Toy is so far shead of the say this merely because Mr. O'Brien is a Democrat.)

Michigan has need of simple honesty in the attorney-general's office. Honesty of the soul, as well as of the intellect. Too long have Michigan's rights and atterests been neglected, and we urge that you study fur. Toy's record in considering who shall hold the tottorney-general's office in Lansing for the next two reart.
