### Will Feature Fete

A merchants display booth will be one of the outstanding features again this year at the annual Fall Festival of the Holy Name Church, which is to be held Aug. 22-25 on the grounds of the Holy Name School on Harmon avenue.

Practically every merchant and business in Birmingham will be represented—including garages, beauty salons, bakeries, gas stations, dry-cleaners, clothing, coal companies, and antique and modern furniture dealers. Announcements will be made by amplifiers when the merchandise is to be disposed of.

A sound truck will announce the programs each day of the festival. Mrs. Roy J. Bronding is chairman of the merchant's booth. She is assisted by Mrs. Howard DeLongchamps, Mrs. J. E. Moore, and Mrs. Martin J. Wendell.

## ARE YOU A SAFE DRIVER?

... ask yourself these questions

1. Which requires greater caution—a curve to the right or a curve to the left—and why?
2. What is the safest way to handle your car on a highway curve—when do you use the brakes—when do you throw out the clutch—when do you accelerate?
3. In rounding a curve at high speed, is it safer to hold the steering wheel steady or "jiggle" it?
4. In passing another car on the road, is it safer to make a short, quick swing around, or a longer, more gradual one—and why?
5. On a slippery or icy road, your rear wheels suddenly start skidding. What is the way to bring the car out of the skid?
6. When is it safe to pass another car on a hill?

Even the most experienced drivers seldom know the correct answers to these questions. And there are several additional safety questions that every driver should be able to answer. Get them all, and get the right answers, from the nearest Hudson and Terraplane dealer. Come in today.
