X-RAY SYSTEM REVEALS ENORMOUS DIFFERENCE IN THE LOWEST-PRICED CARS

SEE with your own eyes in our showroom how the 1936 LaFayette is bigger, sturdier, safer, in a dozen vital ways! For example, you will see hidden things... such as wood pillars, in some cars supporting steel tops. Or steel bodies with only wire mesh and fabric over your head. Under the X-Ray System, all of the vital features in low-priced cars are brought to light for you to compare.

Before you buy any low-priced car this year, see the X-Ray System—and you'll realize that LaFayette alone in the lowest-price field gives you ALL of the vital engineering features usually found only in expensive cars. That it is bigger, roomier, safer! The Nash Motors Company, Kenosha, Wisconsin.

OUT TO WIN AMERICA ON VALUE \$595
