ELECTROLUX

DEOPLE who have had experience with other types of re-trigerators are the first to discover the vital differences of Electrolus! Find, too, that every point of dif-ference means an important ad-vantage they want! For Electro-lux is the only refrigerator that has no moving parts. A thuy gas flame circulates the simple refrig-erant, which is cooled by ordinary air. The utter simplicity of Electro

The utter simplicity of Electro-bux permits an amazingly low cost to run, keeps Electrolux always silent (for parts that do not move cannot cause noisel), ins-rures fullest food protection, and eliminates depreciation due to moving parts that wear. See the new Electrolux models. We believe you'll agree there's every reason in the world for making your 'first refrigerator' an Electrolux.
