# YOU Do not want to pay 13% INTEREST per year on a debt that you owe-

Yet, if you fail to pay your School Taxes before the 4% penalty goes into effect next Monday, February 18, 1935, that is where you are headed for

At the present time, you pay only 1% penalty (a tax collection fee); under the law, this amount of fee should have expired January 10, 1935, and the higher 4% fee placed in effect. But the Board of Education persuaded the City Treasurer's Office to wait until February 18, 1935 before adding the extra penalty.

PAY YOUR SCHOOL TAXES BEFORE MONDAY, FEBRUARY 18, 1935, and save yourself unnecessary penalties. Beginning February 18, 1935, the 4% penalty will take effect, and for each month of tax delinquency thereafter, 3 4 of one percent will be added. Twelve months tax delinquency makes your interest penalties amount to 13%

Money can be borrowed at the bank for 7%, so it is cheaper to do, this than to pay tax penalties at 13%, isn't it?

The Board of Education wants to provide a full School year, but in order to do so it must have the fullest possible co-operation of the taxpayers themselves.

Pay your taxes now and save 13 cents on the dollar per year on delinquent school taxes!
