FOR LOVELY WOMEN? LUXURY HOSE That Are Not Luxuries

Sounds like magic, doesn't it? But here's the secret. Archer ringless chifbons are so amazingly sheer and expensive looking you'd think they were designed especially for the woman with an unlimited ho-ho-ho budget. Far from it. They are created for the woman who appreciates the luxury of being smartly dressed yet insists on practical wearing qualities as well.

Plain and lace top styles.

The May Day Mystery By Octavus Roy Cohen

One of the best of the stories by this famous author

Murder is done on the quiet campus of a large Southern University. Around three persons—a student, one the most popular girl in the college, and a professor—is woven a web of circumstantial evidence and incriminating motives.

A second crime—apparently unconnected with the murder—is committed and to solve this is called Detective Jim Haney, a figure well known to Mr. Cohen's readers and who here makes his first appearance in a story of serial length. As the clues become more numerous and the trail more involved, the sleuthing methods of Detective Haney are followed with increasing zest until the reader fairly races ahead in an effort to check up on his deductions.

It's the mark of a winner when a detective story moves along with the growing tenseness and excitement of The May Day Mystery. Ingenious, swift and unusual, it is a yarn to thrill the most jaded mystery fan.

It will run serially in these columns, and no reader should miss the opening chapters. If you start it we know you'll read it until each new installment.
