I buy at home

BECAUSE . . .

My interests are here.

I believe in doing business with my friends

I want to see the goods.

I want to get what I buy when I pay for it.

Every dollar I spend at home works for the community in which I live.

The man I buy from stands back of the goods.

The man I buy from helps pay taxes, helps support the things I am interested in, my home, my church, my school, my community.
