RESPITE FROM HEAT OFFERED AT CLUBS

Orchard Lake, Oakland Hills, Bloomfield, Birmingham Plan Week-end Events

First-aid to the stay-at-homes this summer is provided by the country clubs, with their golf courses, cool verandahs and summer activities to take the place of those found in the usual summer resort.

Those who are unable to take refuge from the heat in a cool mountain camp, or to bask in the breezes of lake or ocean, may find consolation only a stone's throw from their own doors, at the neighboring clubs.

Women golfers and sailors of the Orchard Lake Country Club will get together this Friday in the beach house for one of their series of joint luncheons. On Saturday evening, one of the regular summer club dances will be held.

Oakland Hills Country Club promises an innovation Saturday evening with its first "Dance under the Stars." There will be dinner, with dancing and a floor show afterwards on the long, cool verandahs.

Birmingham Golf Club offers its members bridge and dancing, besides the usual golf events. At the bridge luncheon yesterday, those attending from Birmingham included Mrs. Carl Binkle, who entertained at a table, as did Mrs. G. R. Norton, Mrs. W. A. Kent and Mrs. Gladys Stump.

Juniors will have a dinner dance of their own Friday evening. For Saturday, unusual decorations and attractions are predicted in connection with the informal dinner dance.

On the calendar at Bloomfield Hills Country Club is a dinner dance for Saturday evening.

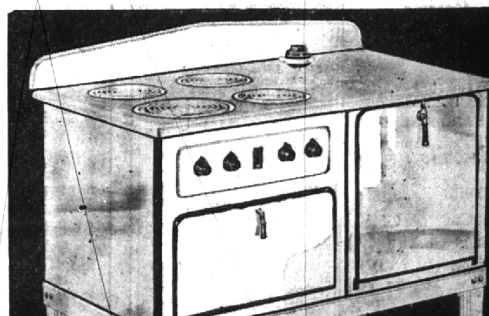
COOK THREE MEALS A DAY—
USE YOUR FAVORITE RECIPES—
★ Try an Electric Range in YOUR OWN KITCHEN

THE best way to find out about electric cooking is to put a range in your own kitchen . . . cook three meals a day on it . . . try all your favorite recipes . . . ask your family how the cooking tastes in comparison with what you did on your old stove . . . and then decide whether or not you like the range. THEN you can decide whether or not you want to keep it. Your family will probably decide for you!

To enable you to do this, we have arranged a Trial Plan. We will install an electric range in your kitchen *without initial charge*, so that you may give it a thorough trial. During this trial period you simply pay for the service as registered by your meter, plus a monthly charge of $1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in *your* application for a trial range today!



Enjoy These Advantages of Electric Cooking!

● CLEAN. Electric heat is as clean as sunlight. There is no smoke or soot to soil kitchen walls and curtains. Cooking utensils remain bright and shiny after long use.
● HEALTHFUL. Electric cooking *seals-in* nourishing juices and natural elements in meats and vegetables. Important food values are retained.
● WATERLESS COOKING. With your electric range you use no water for roasts and only half-a-cup for vegetables.
● MODERN. In attractive and striking designs, these electric ranges do much to brighten and add a feeling of newness to your entire kitchen.
● FULL, FLAVORED. Electric cooking has a deliciously different flavor—a *natural* flavor in foods. Meats and vegetables cook to melting tenderness in their own juices.
● INEXPENSIVE. Electric cooking costs less than a cent a meal per person.
● SAFE. An electric range supplies only pure heat from a glowing wire—there is no flame, no matches, no fumes.

A study of one thousand families using the electric range showed a cooking cost of LESS THAN A MEAL A PERSON 1¢
