

BRIGHTEN UP YOUR HOME AND GARDEN...

After all.....

"There's no Place like Home."

Make your home a happier place to live in, because it is restful, attractive and beautiful. It costs so little to fix up neglected places — to beautify the grounds which surround your house — to clean up the last traces of winter's reign. It's Spring . . . Do it this week . . . Now!

When making your plans for brightening up your home and yard, call on those who are ever ready to serve you—your local merchants and service institutions.

New Spring Planting

WHEN TO PLANT

Now is the time to freshen and modernize your grounds with new planting.

WHAT TO PLANT

Trees, shrubs, evergreens and perennials. A fine assortment at Coryell's.

HOW TO PLANT

We are glad to advise an assortment of plants adapted to your garden, and give helpful hints on how to plant them.

COST OF PLANTING

Prices have not advanced. Buy where your dollar still goes a long way.

Use
Agrico

THE WORLD'S PREMIER FERTILIZER

AGRICO — Conquered Shifting Sands On Pack- ard Proving Grounds—

The problem of converting the sand-blown 265 acre "infield" into a grass-covered lawn was encountered as the speedway was nearing completion. Just as time and again it has proved its crop-producing supremacy on the nation's farms, Agrico solved the problem. By using Agrico as the plant food, grass was grown over the entire "infield" in a single season.

AGRICO is truly an all purpose fertilizer. For new ground which has never been planted, you will find it ideally suited. For lawns which are infested with weeds—Agrico will drive them out. For gardens, flower boxes, and truck farms, this specially prepared plant food will do wonders. For the commercial farmer, Agrico will freshen up the soil and add new life. . . . And, for whatever purpose you might wish to use it, you will find it to be the most economical fertilizer on the market today. Call us for prices, and information regarding this unusual plant and soil food.
