Come in and see how "G-3" lived up to its reputation for 43% longer non-skid mileage!

HERE'S new evidence - real evidence -gathered by that famous detective, Joseph A. Faurot - to show how the "G-3" All-Weather keeps its grip - gives more miles of non-skid safety on your car.

Last year it proved itself on the test fleet.

Now it has proved itself on the road-by the sensational, daring use of a noted manhunter to get the facts from car owners.

And here's what that great detective found. Over and over-investigations showed that the "G-3" All-Weather exceeds its own test-fleet records—gives even more than 43% longer non-skid mileage—at no extra cost.

Come in! See this big, husky tire with its wider, thicker, tougher, flatter tread –
more grip than ever – and patented
Supertwist Cord in every ply to protect you from blowouts.

Be sure you get the evidence before you
