Ford -- Chevrolet -- Plymouth  
Owners Attention!

## Decoration Day Feature

- 1—DRAIN - REFILL CRANK-CASE WITH 100% GENUINE SHELL MOTOR OIL.
- 2—REGULAR 35 POINT LUBRICATION. HIGHEST QUALITY LUBRICANTS USED.

Both  
For Only

**1.69**  
Plus tax

## You Save \$1.05 on This Special

- 1 Goodrich 35 Point Guaranteed Lubrication  
Your car will ride smooth and quiet, steer easier, and perform better. Prevent water accumulation of dirt, grime and rust.
- 2 Flush and Clean Radiator; Stop Leaks  
Your car will overheat and serious repairs may result this summer unless you clean out the rust and sludge in your radiator system. We thoroughly flush your radiator and clean with Goodrich Radiator Cleaner. Leaks will be fixed with Goodrich Radiator Solder.
- 3 Replace Radiator Hose  
You cannot afford to risk a soft "spongy" hose which has resisted antifreeze, rust, oil and sludge all winter. You need new Goodrich Radiator hose to insure safe, against possible leaks and an overheated motor this summer.
- 4 Inspect Fan Belt  
Your present fan belt may be worn and slipping with your fan-belt. Replace it with a new Goodrich V-type belt and carry your old one as a spare.  
(Extra Charge: Replacing on Road)
- 5 Clean & Adjust Spark Plugs  
Dirty Plugs waste gasoline and cut down the power, pep and speed of your car. We clean your old plugs and make them look like new. We adjust the points so they fire properly, too.
- 6 Six Point Battery Service  
Your battery needs a real "going over" after a hard winter. Complete inspection and service.
- 7 Tire Service  
We will carefully inspect your tires for cuts, bruises, bulges, etc. You need safe tires for slippery streets.

Regular Price -- \$2.80
