

The power of an adult's example upon the mind of a growing child is far greater than a whole library of rephrased maxims. The willingness of today's youth to acquire habits of smoking and drinking for instance, is founded upon the example of today's elders in those matters. Children are wonderful imitators.

SCOUT CAMP IS DEDICATED

Formal Ceremonies Mark Opening Of Site Loaned By City

A new and important chapter was added to the history of Girl Scouting in Birmingham Sunday when formal ceremonies were held dedicating the new day camp site at the southeast corner of Springdale Park.

The ceremonies, in which the Scouts and their leaders took part, were attended by a representative group of parents and friends who spent the time before the program inspecting "The Little Green House," the attractive camp cabin made out of an abandoned city election booth.

The booth, together with the six acres of wooded property which constitutes the camp site, was donated to the Girl Scouts by the City Commission. The booth was badly damaged by fire several months ago when it was being used by the city as a storage place for tools, but since its removal to the camp grounds it has been repaired and remodeled at cost by Robert W. Chissus, local contractor.

WE HEARD IT SAID BY—
Mrs. L. N. Pyle, general president, Community House Association: "I'm sorry to see Jimmie leave Birmingham. He did a lot of nice things for us over at the Community House."

and redecorated inside by the Scouts themselves.

Fireplace Planned

The cabin is to be equipped with tables, chairs and folding cots for overnight hikes. A stone chimney and fireplace is to be installed at the west end of the building, and members of the various troops are also planning to build an outdoor fireplace and a rock garden.

At the dedication services Sunday, the Rev. W. Hamilton Aulenbach, assistant pastor of First Church Cranbrook, addressed the Scouts briefly on the importance of "cultivating the essential qualities of womanhood."

Deploing the "trend away from womanhood," he pleaded with his listeners not to imitate the ways and manners of men and boys. He cited Florence Nightingale as a valuable source to humanity because she "practiced all of her feminine charms and displayed the deep affection that only a woman possesses."

Mrs. Navin In Charge

The qualities that make for good will and good motherhood are essential to the social structure of the nation, and Girl Scouts should aim above all else to develop them, leaving strictly male characteristics to the other sex, Mr. Aulenbach said.

The program opened with the Girl Scout flag ceremony, recitation of the Girl Scout law and oath, and singing of the Girl Scout song by troop members, dressed in uniform. The ceremonies were in charge of Mrs. Thomas R. Navin, chairman of the camp committee, Mrs. E. W. Dabbs, Girl Scout commissioner, and other members of the Girl Scout Council.

A letter from Mrs. Franklin D. Roosevelt, national honorary president of the Girl Scouts, congratulating the local organization for acquiring the camp site, will be placed in the camp box.

"I was very much interested in what you tell me of the Birmingham Girl Scouts and the opening of the camp site," Miss Roosevelt wrote. "Will you convey to the girls my best wishes on the occasion of the dedication."

Golf, Net Teams Fail To Qualify

Both Baldwin High Squads Place Third In Regional Competition

Both the tennis and golf teams of Baldwin High School finished third in their Class B regional meets Saturday and failed to qualify for the state finals. The golf team, playing at Huron Hills, Ann Arbor, had a score of 390, only 10 points more than Wayne, which won the meet. The tennis team placed two men in the semi-finals and scored four points, finishing behind Wayne and Adrian. John Hagley, Baldwin's number two golfer, was second low medalist of the day with an 87. Junior Mudge shot 105; Bill White, 98, and Jim Clark, 99. Because the field was smaller than expected, only two teams instead of three qualified to enter the state meet next week.

Franklin Phillips and Page Dinnell were the only point winners for the Maple tennis team. Both accounted for two points by winning their second and third matches. Norman Clark and Bill Cole were eliminated in the first round of the doubles play-off. John Hulbert and Lloyd Foster lost their second round doubles match. George Frye and Neil Stark were eliminated from singles competition in the first round.

2 Senior Classes To Hear Head Of Asheville School

Joint Baccalaureate Planned For Cranbrook, Kingswood Graduates

Dr. Howard Bement, headmaster of the Asheville School, at Asheville, N. C., will be the speaker at a joint baccalaureate service for the graduating classes of Cranbrook and Kingswood Schools, to be held at 11 A. M. Sunday in Christ Church Cranbrook.

Educator, author and speaker of note, Dr. Bement was born in Lansing 60 years ago, and graduated from the University of Michigan in 1896. He received his master's degree from Olivet College in 1906, continued his studies at Yeshiva University and the University of California, and is the recipient of honorary degrees from Colgate and Duke Universities.

From 1907 to 1927 he was a member of the faculty of the Yeshiva School at Potomac, Pa. Since 1927 he has been headmaster of the Asheville School. He is the author of numerous books and magazine articles on educational and literary subjects.

At the service, there will be a special litany of dedication, and the seniors of the two schools will march in a procession behind their respective banners.

Separate commencement ceremonies for Cranbrook and Kingswood graduating classes will be held Saturday, June 8. Dr. Joel B. Hayden, headmaster of Western Reserve, will address the Cranbrook seniors, and Dean Alice Lloyd of the Kingswood commencement speaker.

SENIORS DIRECT FINAL ASSEMBLY

Track, Tennis, Golf Awards To Be Made At Exercises Friday In B. H. S. Auditorium

The year's final assembly of Baldwin Senior High School students will be held in the school auditorium Friday afternoon at 1:15 o'clock with the graduating class in charge. The program will include musical selections, the presentation of letters for spring sports and the reading of the class proficiency and results of the senior week election.

The program will open with a few introductory remarks by Principal Melvin C. Hart about the senior class, members of which will attend the program, gathered in cap and gown. The musical portion of the program will include a trumpet solo by Elizabeth White, accompanied at the piano by Marjorie Tate; selections by a class ensemble, composed of Mrs. White, Bennett Reed, Mary Lou Trimmer, Frank Phillips, Norman Clark and Lloyd Stanley; and a piano solo by Mary White.

Coaches Franklin Whitney and W. Robinson will present track, tennis and golf men with varsity P's. The boys who are to receive letters will be chosen at a meeting of the Baldwin Athletic Board of Control late this week.

Several members of the senior class will also present impressions. Among those are Yvonne Gay, Jim Schooley and others still to be selected.

It is also expected that an announcement will be made at the assembly as to what boy has been chosen for the honor of having his name engraved on the George Johnson Memorial Plaque, symbolizing that he has been the outstanding student-athlete of the year.

The program is being planned by Bennett Reed, class vice-president, and is under the supervision of Miss Vada B. McGiffin, class advisor.

5 HERE TO GET U-D DEGREES

Birmingham Students Among 409 To Be Honored At Commencement

Five Birmingham students are among the 409 graduates who will receive degrees from the University of Detroit at commencement exercises to be held Monday evening in the auditorium of the Detroit Masonic Temple.

Victor W. Ogden, Baldwin High School graduate and son of Mr. and Mrs. Victor R. Ogden, 1276 Smith street, will receive the degree of bachelor of electrical engineering in the College of Engineering.

From the same college, Wilfred K. Donaldson, son of Mr. and Mrs. J. U. Donaldson, 1415 Yorkshire road, will be granted the degree of bachelor of mechanical engineering. Donaldson graduated from Baldwin High School in 1931.

The degree of bachelor of science in chemistry in the College of Arts and Science, will be conferred on Harry W. Wheaton, son of Mr. and Mrs. J. C. Wheaton, 187 North Adams road. After graduating from Baldwin High School in 1931, Wheaton spent two years at Pennsylvania Military College, Chester, Pa., before entering the University of Detroit. He is a member of Phi Sigma Delta, military fraternity.

In the College of Commerce and Finance, Donald W. Bow, 772 East Lincoln avenue, will receive the B. S. degree, and Gaius R. Dunlap, 287 Kavine road, will receive the bachelor or laws degree in the College of Law.

The Rev. Dr. Daniel A. Lord, S. J., editor of "Queen's Work," will give the commencement address. Honorary degrees will be conferred upon Mayor Couzens of Detroit; Alex Dow, public utilities executive, and Gertrude Van Alstine, nationally known teacher of the deaf.

BOARD TO ACT ON PAY BOOSTS

Will Decide June 5 Whether To Lengthen 1935-36 School Term

Because of a conflict with Baldwin High School commencement exercises, the next regular meeting of the Board of Education will be held Wednesday, June 5, instead of the following night, it was decided at the Board's special meeting Saturday.

Several matters of primary importance are scheduled to be considered, including recommendations from the Superintendent Charles W. Cranford that the school year for 1935-36 be lengthened from nine to nine and a half months, and that excess profit from the city's 1934-35 collections, primarily school fund, and Thatcher-Sias fund be distributed to teachers in the form of salary adjustments at the end of the year.

The Board at its last meeting voted a direct salary increase averaging 60 per cent for all teachers, but deferred action on the other two recommendations, which would result in an additional 10 per cent increase.

Action on the request of a group of parents that a seventh grade be added at Quenton School, and on an inquiry from Reserve Officers' headquarters in Chicago as to whether Birmingham would care to make use of a federal appropriation for the establishment of a junior R. O. T. unit at Baldwin High School, may also be taken.

Rotary Club Hears War Diary Excerpts

Former Canadian Pilot Reads Thrilling Account Of Experiences In France

Engaging and thought-provoking excerpts from the World War diary of a former member of the Medical Division of the Canadian Army, and later a pilot in the Royal Flying Corps were read to Birmingham Rotarians Monday noon at their meeting in the Community House.

The speaker was Lawrence Kelly, financial secretary to Senator James Couzens and a member of the club. Mr. Kelly enlisted in the Canadian army at the age of 24, shortly after he had been ordained in the Baptist ministry, and kept a detailed record of all of his experiences in France.

One of the most thrilling episodes he read described his actions and reactions in burning a German balloon and shooting down a German plane which was one of three that attacked him after the burning.

Police Investigate Breakin, 2 Thefts

Lincoln Avenue Home Ransacked; Articles Stolen From Store And Automobile

Reports that a house was ransacked, and that articles were stolen from an automobile and a store over the week-end were being investigated by police Monday.

Police were told that the home of H. J. Both, 220 East Lincoln avenue, was entered by a prowler who broke the glass out of the sun room door, and forced open a door into the living room. The house was thoroughly searched and ransacked, but nothing was taken except a number of old coins, police said. The breakin was reported at 2:45 P. M. Saturday.

Three blue figured dresses and a bath robe were lifted through the iron bars covering a rear window at the Hicks Hat Shop, 69 West Maple avenue, police were told early Saturday afternoon. The garments were valued at \$14.

Mrs. T. J. LaMeasure, 415 Hendrix street, told police Saturday morning that a \$10 razor had been stolen from her car when it was parked in front of her home.

Tell Your Merchant You Saw His Advertisement in THE ECCENTRIC

THEY'LL CARRY EXPLORERS HIGH AND LOW

The globular vehicle at left, above, has been built for a trip into upper Alaska; and that at right for excursions into ocean depths. Nine feet in diameter, the gondola, taken aloft by a giant balloon, will carry two men into the stratosphere, ascending from South Dakota's Black Hills. Equipped with flares that are strong, yet delicate enough to grasp a wiggling, the deep sea diving sphere, believed able to descend a mile below sea level, will be used in ocean treasure hunts.
