

There is no escaping the inevitable
fruits of wrongdoing. Every seed
that you plant in your garden has
within it the plan and purpose of a
definite flower or fruit. Every
thought you think, every act you
perform, has its flower and its
fruit. If you want goodness, plant
good thoughts and deeds.

YOUTHIES OF CRASH INJURY

**Robert Freeman, University
Of Michigan Student,
Was Local Resident**

Funeral services for Robert F. Freeman, 18-year-old University of Michigan freshman who died Friday as the result of injuries suffered in an automobile accident, were held here Monday morning from 10 to 11 a. m. at the University of Michigan Chapel. Robert was the son of Mr. and Mrs. Elmer G. Freeman, of 548 Harmon avenue. The family moved here in September, 1933, from Detroit. Mr. Freeman is vice-president and general manager of the Emerson Engineers of New York City, a firm of consulting engineers.

The youth died in University Hospital, Ann Arbor, where he had been a patient since April 11, when he was injured in a traffic accident while hitch-hiking between Birmingham and Ann Arbor. He was believed on the road to recovery but a blood clot reaching his brain from a badly crushed left arm caused his death.

The fractured arm was to have been reset the following day. He was born in Lebanon, Penn., and was a graduate of Exeter Academy, Exeter, N. H. He entered the University of Michigan last September and was recently inducted into Sigma Chi Fraternity. He was a reporter on the Michigan Daily student newspaper.

Surviving, besides the parents, is a 14-year-old brother, George, a student at Cranbrook School.

Ancestral Skill
While walking in a park an old man noticed one of those men who go around jabbing a pointed stick into scraps of paper to gather them up.

Stopping, he said: "Don't you find that work very queer?"

"Not very," was the reply. "You see I was born to it, my father used to do it."

New Citizenship Code In Use At Baldwin High

After undergoing several major changes, the new citizenship code, which was drawn up for Baldwin High School recently by the Student Congress, has been deemed a plus for use and the first marks were being placed on cards this week.

The code, it is being used, employs an entirely different method of marking than that which was formerly proposed by the Congress and accepted by its students. It is the belief under which the code will be marked remain about the same. Under the original plan, students would have been original "A" or "B" or "C" meaning "fair," or a three, meaning "not as good" for improvement.

Each of the letters on the card, it was also planned that a small graph would accompany the marks and signs for the student of the parent. The sheet defines each of the sub-heads in a concise manner, so that both parents and students will be able to know exactly what each teacher believes the student is lacking or outstanding.

BIRMINGHAM JOINS SAFETY CAMPAIGN

Birmingham Heads Committee On Local Participation In State-Wide Observance

Birmingham was moving today to join in the state-wide observance of Safety Week, which Governor Frank D. Fitzgerald has proclaimed will be held between May 12 and 18.

Following the joint meeting of the city's three service clubs at the Community House Tuesday night, a committee, headed by E. Kenneth Bingham as general chairman, was formed to bring Birmingham under the banner of the campaign, the purpose of which is to focus public attention on the ever-increasing state and highway hazards.

Other members of the local organization committee are J. P. Howarth, Dr. John B. Wood and Walter Huffman. A sub-committee charged with the distribution of posters and printed proclamations is composed of Harry E. Hissett, James W. Taylor and Russell McBride, and publicity for the campaign is in charge of Allen Tenny, Paul Neal Averill and Manley E. Bailey.

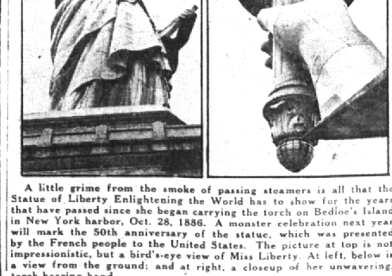

The safety program will be carried on in the schools by a committee composed of Superintendent Charles W. Crandell and Principals Melvin C. Hart and Oliver D. Crull. A similar program in the churches will be encouraged by the ever-increasing state and highway hazards.

The department of public safety and the state highway department are co-operating to make the campaign a state-wide project.

DRUNK DRIVER FINE
Lyman Darby, 30 years old, of Smith avenue, was fined \$75 for drunk driving when he ploughed into Melvin C. Hart and Oliver D. Crull Monday in Pontiac Municipal Court. He was arrested Sunday afternoon, and paid the fine in lieu of spending 30 days in jail.

MISS LIBERTY NEARS 50th YEAR

A little grime from the smoke of passing steamers is all that the Statue of Liberty Enlightening the World has to show for the years that have passed since she began carrying the torch on Bedloe's Island in New York harbor, Oct. 28, 1886. A monster celebration next year will mark the 50th anniversary of the statue, which was presented by the French people to the United States. The picture at top is not impressionistic, but a bird's-eye view of Miss Liberty. At left, below is a view from the ground; and at right, a closeup of her unwavering torch-bearing hand.

KEPPEL LOST TO CRANBROOK

**Assistant Headmaster Made
Director Of School
In Maryland**

Mixed feelings of regret at losing one of its faculty leaders, and of pride in the knowledge he was leaving for a position of greater responsibility prevailed at Cranbrook School this week, following the announcement that Dr. Charles J. Keppel, assistant headmaster, had been appointed director of the Tome School at Port Deposit, Md., and would leave Cranbrook at the end of the current school term.

For the present, Dr. Stevens said, Dr. Keppel will not be replaced, but his duties will be absorbed by the headmaster and other members of the present faculty. Dr. Keppel said he intends to leave Cranbrook the last part of June.

At the Tome School, Dr. Keppel will succeed R. J. Shortlidge, who resigned as headmaster to become head of the Fawcett School in New York.

Dr. Keppel is a graduate of Colby College, Waterville, Me., where he received a bachelor of science degree in 1915, and of New York University, where he was awarded the master's and doctor's degrees. He taught in the public schools of Camden, N. J., and New London, Conn., and in the Bulkeley School, New London, and St. Paul's School, Gardiner, City, L. I.

He has been assistant headmaster at Cranbrook since the school was opened in 1927. He also teaches science and mathematics, and formerly coached the football team.

Dr. Keppel will be the third man to assume the headmaster's position at Cranbrook since leaving the Cranbrook faculty. Herbert Snyder, five years ago resigned at Cranbrook to become headmaster of the Cincinnati Country Day School, and Edward Lund, who left Cranbrook in 1925, became headmaster of the Country Day School at Providence, R. I., a year later.

Following is the honor roll for the lower room of Franklin School for the past month: Conway Adams, Dennis Converse, Catherine Houzel, Jane Houzel, Barbara Johnson, Betty Mason, Dick Mead, Joy Scott, Renee Scott, Mary Elizabeth Smith and Jane Tilden.

Members of the Friendly Circle will meet this afternoon at the home of Mrs. F. E. Facer.

SNEAK THIEVES STEAL TOPCOAT AND CASH

**Dr. J. B. Hassberger reported
to police Saturday that a \$25 top-
coat was stolen from his office in
the Waheek Building while he was
out to lunch between 1 and 2 P. M.**

The door to the offices had been left unlocked. Mrs. Mel Collins, manager of the Vida Freeman Beauty Salon in the Levinson Building, reported Tuesday that some one had stolen six of 11 \$1 bills which had been left in a cash drawer in the beauty parlor. The theft occurred during the noon hour, Mrs. Collins told police.

POLICE MAKE 130 ARRESTS IN APRIL

Only One Felony Charged; Traffic Violations Bureau Collections Total \$120.75

Birmingham police made 130 arrests and collected \$170.75 in fines at the Traffic Violations Bureau during April, according to the monthly report of Miss Carmo Stoddard, police clerk. Arrests the previous month numbered 97, and Traffic Bureau fines totaled \$88.20.

One of the persons arrested in April was charged with a felony, investigation of breaking and entering. Five juveniles were arrested, two for delinquency and three for larceny.

Illegal parking was ground for 14 of the 125 arrests made for misdemeanors. In addition, 22 persons were arrested for speeding, 27 for violating traffic signals, five for drunk driving, six for reckless driving, three on traffic violations and two on warrants for other jurisdictions, two for being drunk, two for investigation, one for making excessive noise and one for driving without an operator's license.

One automobile was stolen and recovered, the report shows. In cases of breaking and entering were reported, and 19 juveniles. One of the juveniles was charged by arrest, and the articles stolen in three were recovered. Articles carried to Birmingham from a larceny in another jurisdiction were also recovered.

There were 19 traffic accidents during the month, and eight persons were injured. Police answered 102 calls and investigated 57 complaints, besides watching 23 homes while their owners were away. Three persons were bitten by dogs and 19 men were given free lodgings in the city jail.

The crew of a sinking ship forced to take to boats will have a better chance of being found by use of a rocket recently invented.

ENGEL IN ROLE OF BOYS' CAMP HEAD

**Local School Athletic Director
Boys Half Share In Black
Lake Site**

Ernest T. Engel, director of athletics in the Birmingham public schools, will return to a familiar role this summer when he becomes co-director of Camp Norwood, a camp for boys on the east shore of Black Lake, in Cheboygan County.

In partnership with Cliff D. Crane, health education director of the Liberty School in Highland Park, Mr. Engel purchased the camp last fall, and together the two new owners will serve as its directors.

Equipped with facilities for practically every known type of outdoor activity, including water sports, tennis, riding, nature and golf, the camp will accommodate 40 boys between the ages of six and 16. The camping period will be June 29 to Aug. 25.

All buildings at the camp, including the main lodge which houses the kitchen, dining room and assembly hall, as well as the sleeping cabins, are permanent structures. In addition to the directors, a senior counselor will be provided for every seven boys. A certified Boy Scout examiner will be available, and although scouting activities will not be compulsory, they will be encouraged.

Engel will be performing in a role in which he had had 10 years experience. A graduate of Michigan State Normal College at Ypsilanti, he has worked with boys as recreation director, Y. M. C. A. leader, Boy Scout leader and camp counselor. He has been a member of the faculty of the Birmingham schools for the past eight years, the last five of which he has served as athletic director.

Mr. Crane has had 12 years' experience in boys' work, including seven seasons spent in recreation, Y. M. C. A. and private camps. Both men are qualified American Red Cross Life Saving Examiners, and Mr. Engel is, in addition, a qualified Boy Scout examiner.

Knew His Business
Neighbor: "Why are you letting your year son study those dead languages in college?"
Father: "I'm expecting to make an undertaker out of him."

The Purpose of DEPOSIT INSURANCE

When Congress created the Federal Deposit Insurance Corporation, its primary objective was the protection of depositors. This Corporation began insuring deposits January 1, 1934. It is now a permanent part of the nation's law, and insures deposits in a great majority of the banks of the country, including this institution.

Under the law, all deposits of each depositor, totalling up to \$5,000.00 are fully insured against loss.

Your deposits in this bank are protected by Conservative and Sound banking practice, *backed* by Federal Deposit Insurance.
